#### ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, January 6, 1958

On Monday, January 6, 1958, at 10:00 o'clock A. M., the members-elect of the Council of the City of Pittsburgh, together with those holding over, convened in the Council Chamber of said City in accordance with the provisions of the Act of Assembly of the Commonwealth of Pennsylvania, approved May 31, 1911.

The Council was called to order by George Boxheimer, City Clerk, who acted as Chairman, Pro tem. of the meeting.

#### The Chair:

This being the day and hour fixed by the Act of Assembly for the organization of the Council of the City of Pittsburgh, the One Hundred Tenth Council will be in order.

We are honored this morning by the presence of Dr. Solomon B. Freehof, Rabbi of Rodef Shalom Temple, who will offer the prayer of invocation.

Dr. Solomon B. Freehof, Rabbi, Rodef Shalom Temple, offered the following prayer:

Heavenly Father. Lord of eternity. For the sake of our understanding Thou dost

divide our lives into times and seasons. We thank Thee, O Lord, for every new beginning. For every new start in our work. For every new reorganization of groups of Thy children. Please bless this council now inducted into the service of this our beloved city and simultaneously into the service of Thee. Be Thou with them in all their deliberations that they may bear their many burdens with patience and visualize their tasks with imagination granted by Thee. May they avail to curb the lawless. To bring confidence to the law-abiding. To keep light as may be the burden on our citizens and get our great city on the road to progress. May they serve Thee as they serve us, your children. Bless them with health, hope and great achievement. Amen.

#### The Chair:

The music this morning was furnished by the Police and Firemen's Band of the City of Pittsburgh, under the direction of Joseph Tyler, Director.

The musical concluded with the playing of The National Anthem.

The Chair appointed the Honorable Abraham L. Wolk, Judge of the Orphans' Court in and for the County of Allegheny, to administer the oath of office to the Members-elect.

The following Members-elect:

Mrs. Irma M. D'Ascenzo, Patrick T. Fagan, Thomas J. Gallagher, David Olbum, Bennett Rodgers and Frederic G. Weir, took and subscribed to the oath of office.

The Chair:

The members will sign the oath of office.

And the members signed their respective oaths of office.

The Chair:

The Clerk will call the roll.

And the roll having been called, there were present: —

Mr. Counahan,	Mr. Jones,
Mrs. D'Ascenzo	Mr. Olbum
Mr. Dinan	Mr. Rodgers
Mr. Fagan,	Mr. Weir
Mr. Gallagher,	

The Chair:

The first order of business is the nomination and election of a member to serve as President of Council for the ensuing term.

The Chair recognizes Mr. Dinan.

Mr. Dinan:

Mr. Chairman and My Colleagues  
in Council:

I desire at this time to place in nomination for the position of President of Council a gentleman who has had considerable experience as a presiding officer, who is thoroughly conversant with the parliamentary usages that govern it, who is familiar with the rules and doesn't hesitate to enforce them when necessary.

This gentleman, prior to his election to Council in 1933, was an officer of the Flint Glass Workers Union of America, was a member of the State Legislature, and his long tenure as a member of this body qualify him for the Presidency.

This gentleman is starting his seventh term as a member of Council, which I believe is the longest term of any member since the creation of the present Council of Nine, and during my term in Council I have always found him to be fair and honest in his dealings with his colleagues, to the people of Pittsburgh and the City Administration. His dignity and gentleness has endeared him to all of us.

He has always expressed a willingness to co-operate with his colleagues, and I am sure if re-elected he will so conduct himself in the future as he has in the past—to continue to merit the approbation of not only his colleagues but all the people of his native city.

The members of this Council have been able in the past to sit down together harmoniously and see the good qualities in each other and to forget their shortcomings. Such a relationship means much to the citizens of Pittsburgh. It means much for the dispatch and efficiency of the work of Council. Everyone knows that nothing can be accomplished through turmoil and excitement and through the bitter disregard of the rights of others.

The man I am about to nominate for Presidency of this Council has and will respect the opinions of his colleagues.

It is a part of wisdom that an officer, who has performed efficient and satisfactory service, should be continued in office.

I therefore take great pleasure in presenting the name of Thomas J. Gallagher for President of Council.

**Mr. Jones:**

Mr. Clerk and Colleagues in City Council: It is a coveted privilege and a genuine honor for me to second the nomination for Mr. Thomas J. Gallagher as the presiding officer of this Council, as has been stated by my colleague, Mr. Dinan.

The electors have shown their appreciation and given their approval of Mr. Gallagher's dedicated service by electing him to seven consecutive terms as a member of the Council of the City of Pittsburgh. He has dedicated these 24 years of his life to unselfish service to the promotion of the interests of this city and its people.

It is fitting and proper that he should preside over this body because the people of the City of Pittsburgh have an investment in his talent and experience.

These twenty-four years he has served here have been fruitful years for the City of Pittsburgh. In the field of housing, redevelopment, smoke control and human relations Pittsburgh has moved steadily forward until today she occupies the rank of distinction.

This just didn't happen. It is because there have been dedicated people like Mr. Gallagher in all walks of life; in every facet of our community who have been willing to work for the progress of Pittsburgh. Their labors have made this progress possible. It is altogether fitting and proper, as I have said before, that a man who has worked unceasingly like Mr. Gallagher should preside over this body. There have been occasions, true, where there has been disagreement; where there has not been a complete meeting of minds, but there has been no occasion when any member of this body had doubted his honesty, his sincerity or his integrity. Mr. Gallagher is an outstanding citizen.

He is temperate in his judgment and fair and honorable in his dealings with his colleagues and the public in general. I don't know of any one individual in this Council who is better fitted to preside over Council. I don't know of any individual member of this Council who by precept and example has influenced the course of our deliberations and de-

termined the final action of this body than Mr. Gallagher.

And so, Mr. Clerk, it is a pleasure, and I know I express the sentiments of my colleagues, that we are happy to vote for him again as the presiding officer of the One Hundred and Tenth Council.

**The Chair:**

Are there any further nominations?

**Mr. Jones moved**

That the nominations close on the name of Thomas J. Gallagher.

Which motion prevailed.

**The Chair:**

The Clerk will call the roll on the nomination of Thomas J. Gallagher to be President of Council.

And the result of the voting was as follows:

For Mr. Gallagher:—

Mr. Counahan	Mr. Jones
Mrs. D'Ascenzo	Mr. Olbum
Mr. Dinan	Mr. Rodgers
Mr. Fagan	Mr. Weir

(Mr. Gallagher not voting).

And Mr. Gallagher having received eight votes of Council was declared duly elected President for the ensuing term.

The Chair appointed Messrs. Dinan, Jones and Rodgers to escort the President-elect to the Chair.

The Committee performed the duty assigned it and presented Mr. Gallagher to the Chair.

**The Chair:**

The Committee is discharged with the thanks of Council.

The Chair appointed the Honorable Abraham L. Wolk, Judge of the Orphans' Court in and for the County of Allegheny, to administer the oath of office to the President-elect.

And the oath of office as President of Council was administered to Thomas J. Gallagher by the Honorable Abraham L. Wolk, Judge of the Orphans' Court in and for the County of Allegheny.

**The Chair:**

The President of Council will sign the oath of office.

And the President of Council signed the oath of office.

**The Chair:**

The Chair presents to Council and to the citizens of Pittsburgh the new President of Council, Thomas J. Gallagher.

Mr. Gallagher (Pres't):

Reverend Clergy, Mayor Lawrence, Members of Council, Relatives, Friends, Ladies and Gentlemen:

I am indebted to my colleagues for again honoring me as the presiding officer of this Council. I appreciate very highly this honor and the spirit in which it has been done. My position carries no further responsibility in a sense than being a member of Council. Each and every one of us has equal rights and responsibilities.

Before proceeding further I want to thank Mr. Dinan for the kind words uttered in placing my name in nomination for the Presidency of this body. I acknowledge also with gratitude the remarks made by my colleague, Mr. Jones.

I pledge that I will continue in the future as I have in the past—conducting myself in a manner that will reflect credit not upon myself but upon this Council. I am familiar with the duties that devolve upon me as your presiding officer, and I know something of the trials and responsibilities, and I know just what it means to have that responsibility.

As I said on previous occasions my re-election bespeaks a disposition on the part of the Members of Council to be united at this time on policies for the good of Pittsburgh. I said then and I reiterate that pledge, that I will administer my duties with fairness and impartiality. I shall treat each and every one of you with respect, and if any mistakes are made by me that you will know that they are of the head and not of the heart.

Those of you who are here for the first time will long remember these ceremonies. I know I will, though this is the beginning of my seventh term in Council. I am thankful for the good fortune to serve in this body. Thankful for the opportunity to live in this great city and country. Thankful for the nice family I have—and at this point I am happy that my two daughters, and one of my granddaughters, who live in California, were able to be present at this inaugural ceremony, witnessing with all of

you the induction into office the First Lady of Council. Mrs. D'Ascenza was elected to fill an unexpired term, and at the general election on November 5, 1957, was elected by the people to serve out the unexpired term of two years. She has been a great influence upon the other members of Council.

I also want to say that I am thankful for my friends and particularly those who have reposed their confidence in me during all these years.

Thankful to my Creator who has watched over me. Thank you all.

During the year the custom of opening the formal meetings of Council with prayer was inaugurated. Ministers of all denominations were asked to pronounce these invocations, and in every case they responded graciously. Their prayers have been an inspiration to all of us in our deliberations for the common good of all the people of this great thriving city of ours. Now that the practice of intoning God's help and assistance has been started, we shall continue it so long as the present members remain here, and we hope future councils will do the same thing.

At this time I want to publicly acknowledge my thanks and appreciation to the directors and the heads of the various City Departments, the Bureau Superintendents and the thousands of City employees for the help and assistance given me and my colleagues in Council. At no time when requests were made of them did they hesitate or refuse to comply, so far as it was possible for them to do so.

Many questions affecting the administration of City affairs, the purchase and improvement of properties for public use, the repair and improvement of existing City facilities, the repair and improvement of streets, parks and playgrounds, the water system, the redevelopment and rebirth of the City, adequately described as the renaissance, and practically everything for the betterment of our City, have been considered and acted upon by Council during the year 1957. Many of these improvements have been completed, and many more will be considered and acted upon in 1958 and future years. Council has co-operated with the Mayor in all these projects, and the Mayor has reciprocated by joining with

Council. I don't know of any mayor who has co-operated as much with this Council as has Mayor Lawrence. It is only through this co-operation that the many important public and redevelopment projects have and will become a reality.

Before closing, I want to publicly congratulate my colleagues on their re-election, and I assure them and the three hold-over members that I will do my best to live in harmony and peace with them.

Many relatives and friends of the newly-elected members are present, and I would be remiss in my duties as the presiding officer if I didn't call upon these members for remarks on this occasion.

I now call upon the newly-elected members and will do that in alphabetical order. I recognize Mrs. D'Ascenzo.

Mrs. D'Ascenzo:

Mr. President, Mayor Lawrence, Honorable Colleagues, Public Officials, my family and kind friends: Almost two years ago today I stood before you accepting the great honor that had come to me as the first woman member of City Council. Today I am happy once again to accept that great honor not only from my colleagues in City Council but also from the electors of the City of Pittsburgh.

I will say again what I said in my remarks two years ago. I pray Almighty God to make me a good servant to the people of our beloved city.

Mr. Fagan:

Mr. President, Mayor Lawrence, My Colleagues in Council, Friends, Ladies and Gentlemen: I am happy to be re-elected on the Democratic ticket to the Council of the City of Pittsburgh and, of course, this is a great day for the Democrats and for the Lawrence Administration and Members of City Council, who have worked together in the interest of all of the people of this great city of ours.

For a long time there has been a lot of moaning and groaning about a minority in Council. Matters even reached the halls of the Legislature but apparently it has never become a law. But in the final analysis the citizens of the City of Pittsburgh have a right to decide

who shall be their Mayor, their members of City Council and other officers both in the City and County.

As an American and a Democrat I represent all of the people in the City of Pittsburgh and the latch string on my door is always out. There is a welcome mat, too, and any citizen, no matter what his politics may be, may come to see me as their representative, as their servant.

I have, like President Gallagher, a number of grandchildren and at Christmas time I generally receive remembrances from them. This year they presented me with a beautiful book. It was written by the Reverend James Keller, the Christopher Father. The title of the book is "The Government Is Everybody's Business." I am not advertising this book this morning. And even if I were—it is only thirty-five cents—it is one of the most outstanding documents. I don't think there is anybody that would have to change a dollar to buy this important document. It makes it plain that the government is everybody's business. And I think in the City of Pittsburgh we do have civic pride because during the year that is ahead of us there is no doubt about it that there will be young men and women coming from parochial, public and private schools who were in civic classes listening to Council and hearing what the Mayor has to say in reference to the City of Pittsburgh.

And so I want to congratulate the Mayor on his re-election. I am glad to have served for two terms in City Council. I want to congratulate Mrs. D'Ascenzo. She is a fine, outstanding, public-spirited citizen who is well grounded in the fundamental and basic principles of municipal government. To my other members of Council, the gentlemen who ran on the ticket with me, I want to extend my congratulations, and also to the hold-over members of Council.

I made it plain when I was running for City Council that I was looking for a job. If unsuccessful, I would be unemployed in 1958. When you are as old as I am it's pretty tough to go out and get a job. I am very happy to have been re-elected.

I want to close by hoping we have a very successful administration; that God

will guide us all in conducting the affairs of this great City. To the Mayor, to my family and to the citizens of the City of Pittsburgh, I wish you all a very happy and holy new year.

Mr. Olbum:

Mr. President, Mayor Lawrence, Distinguished Guests, Ladies and Gentlemen: There is little, if anything, I might appropriately add to the remarks which have been so eloquently stated by my colleague preceding me. I want to add my congratulations to you Mr. President at the inception of your seventh term as a member of this body and upon your re-election as President of the Council. We are all agreed, I am sure, that in the foreseeable future you have no where else to go and we, therefore, hope you find it possible to stick around for many years to come presiding over the deliberations of this body. You have been a very capable and conscientious member of the Council of the City of Pittsburgh and I am sure it is very satisfying to you to realize that you have been elected to seven consecutive terms.

To say that I am grateful to the people of Pittsburgh who have seen fit to elect me to this body would be a gross understatement. I am likewise grateful to my colleagues in City Council who were running mates with me at the last election and to Mayor Lawrence, too, who played a small role in the campaign. We co-operated to a great degree and I believe the co-operation we rendered one another proved to be fruitful. I am likewise grateful to those who were not candidates at the recent election—to Mr. Counahan—to Mr. Dinan—to Mr. Jones—for the unstinting efforts they exerted in our behalf.

These past twenty months have been a very satisfying and rewarding and pleasurable experience for me. As has been indicated, we do not agree all the time. Some of our discussions are not at a real summit level, but fortunately most of them have been very erudite.

I shall be grateful in the coming four years to have the opportunity to co-operate and collaborate with my colleagues in City Council. I am certain that the coming four years will be, for all of us, a very pleasurable experience because we are living in an era in the City of Pittsburgh which, while difficult, is exceed-

ingly electrifying for this administration and for the people of the City of Pittsburgh. I am sure the next four years will be prosperous and happy ones for the City of Pittsburgh.

Mr. Rodgers:

Mr. President, Mayor Lawrence, Commissioner Kane, Commissioner Stewart, Public Officials, Friends and Citizens: I was most interested in Pat Fagan's statement about the Christmas gift he got. I had suggested that to Santa Claus, too, but I didn't get one. I think, knowing Pat Fagan, that he will share that volume with the other members of City Council. Possibly it may be on the bulletin board so we can all borrow it at different times. Because thirty-five cents, after all, is a pretty high price to pay. Since we have one available, I think I will borrow it from you, Pat.

I want to congratulate Mayor Lawrence and my colleagues who were re-elected and are being sworn in today. I want to thank them all for their help. We all worked together in the election.

I also want to thank the officers and employees of this City. We all ran this time on the record. On the record of achievement of the City. Those things were made possible not only by the Mayor and City Council but also by the help of the directors and all the employees of this City.

It is a pleasure to be inducted into another term and to look forward to serving with these my colleagues and the Mayor. I feel confident that the next year will continue the advancement of this city. Thank you.

Mr. Weir:

Mr. President, Mayor Lawrence, and you public officials who have honored us with your presence today, and all of my friends, I can sincerely re-echo the sentiments expressed by my colleagues in gratitude to the people and the slight assist from Mayor Lawrence for our presence here today. We are all very happy. It happens to be one of those happy occasions in City Council. During the long years of your attendance here, Mr. Gallagher, you have seen them both ways. Today I particularly want to say that I am awfully happy to have the privilege of voting again for you.

Comment was made, I believe, to the effect that you are always calm. I think that perhaps that imperturbability of yours may have something to do with your being around here so long. Although, if Pat Fagan can plug that book it is a fairly good recommendation for Duquesne Pilsener. However, I can't help thinking about it. From the bottom of my heart when I was sworn in here over ten years ago some of us were concerned about your health. I can tell you that now, and I can say without fear of contradiction that as of today you look definitely healthier than you were ten years ago and there is no reason known to science, as David Olbum stated, that you won't go on forever. We all hope you do.

In this changing and chaotic world it is necessary to have something you can tie to. Something stable and enduring as you are when even the heavens are changing. So we are all glad you are here. Mr. Dinan referred to the shortcomings that all of us may have including yours. I don't think you have any real faults, sir. Like your fierce defense of freedom of speech is nothing more than a virtue running wild.

**The Chair:**

The Chair recognizes Mayor Lawrence.

**Hon. David L. Lawrence, Mayor:**

Mr. Gallagher and Distinguished Guests: I am not on this program. I have a speech to make at noon. I did want to rise and say a few words in behalf of Iron City, Fort Pitt and Rolling Rock. Seriously, I want to express my deep appreciation to all of you for coming and to congratulate the members of City Council. We have a great City Council in Pittsburgh. No one knows that better than I do so I am very happy to be starting today with them with another four years to serve the City of Pittsburgh. Thank you and God bless you.

**The Chair:**

Prayer will be offered by Monsignor D. A. Lawless, of St. Mary of Mercy Catholic Church.

Monsignor D. A. Lawless, St. Mary of Mercy Church, offered the following prayer:

In the name of the Father, and of the Son, and of the Holy Ghost. Almighty and eternal God. Father of love. Father of all. We beg of Thee to be with us this day and especially with him who soon will pledge himself to the city and to the people therein.

We know, Almighty God, that Thou hast prepared the earth for the habitation of man. We know, too that Thou did prepare the terrain in which we now dwell. And that it was prepared by Thee for those who dwell therein.

It was Thee who made the hills and originally for us you laid out its valleys and caused limped waters of the three rivers to flow through them and be met at them. There You laid a treasure of gold in the coal that lies beneath the ground. We know, too, that Thou hast prepared each step for us. It is a long step from the time of the tepee and the wigwam to that of the trapper and the log cabin and down through the days of the stage coach to the time when commerce began to flow in and throughout what became Pittsburgh.

We know that Thou hast guided it all and when a slackening came in those great achievements that characterize the rise of this city, there were some that felt it was decadent. But it was but a breathing spell before rising towards greater heights and accomplishing greater things at this time.

Thou has raised up one of our sons. A native of the city. One on whose shoulders fell the cloak of manhood. With a cautious mind; and by his tremendous capacity for work; and by his diligence for duty and most of all by his love for and his zeal for his native city he gave an impetus to that city. He re-

vitalized it. And under his reign it has gone forward to the attainment of greater heights than ever.

This we know, O Lord. Now, in the midst of all these accomplishments, we humbly beseech Thee that Thou will enlighten his mind. Give him a discerning spirit so that he may know what is best for the city and for the people. This, Almighty God, we ask of Thee in the name of the Father, and of the Son, and of the Holy Ghost. Amen.

**The Chair:**

Ladies and Gentlemen, the Mayor of Pittsburgh.

**Honorable David L. Lawrence,  
Mayor of Pittsburgh:**

Mr. President, Members of Council, Monsignor Lawless, Canon Wilson, Judge Thompson, Ladies and Gentlemen: I would be less than candid if I did not confess the measure of pride that welled in my heart as I once more took the oath of office as Mayor of Pittsburgh.

For it is a proud thing to be the mayor of a great city, and to be freely chosen by my fellow citizens in four successive elections.

To me, then, this inaugural ceremony has nothing in it of the stale or the accustomed, and to me, always, the duty of a mayor to the city is second only to the duty that every just man owes to his Creator.

In these twelve years that I have been Mayor of Pittsburgh, I have tried to do my duty.

My pride today comes from the evident belief of our citizens that our successes outweigh our failures, and that in the performance of my obligations, I have given to the limit of my ability and strength.

Pride, as we all know, has its dangers.

It can become self-satisfaction and smugness. It can become arrogance.

It can become so stubborn a belief in one's own virtues and talents that we become blind to our faults and our deficiencies; that we become incapable of honest self-appraisal and deaf to wise counsel when it conflicts with our own first judgments.

From such excess of pride may we all be delivered, for today's world will not long tolerate complacency. Events are too swift, change is too rapid, for any of us to warm ourselves in the glow of achievements of even the most recent past.

We must live in the present and act for the future.

When I first became Mayor of this City, only twelve years ago to the hour, there was no television and the super-market and the shopping center were yet to be developed. Man's first explosion of the atom was only a year and a half

old, and hydrogen was a light gas used to fill toy balloons. Exploration of outer space was the stuff of fiction. The great population increase, which has added 20,000,000 people to our population in the last seven years, was unpredicted.

We in Pittsburgh had not yet learned how to deal with our air pollution, our water pollution, our parking problem, our problem of slums and blight. Our tax structure was rigid with no capacity to meet inflation. The very heart of Pittsburgh, its Golden Triangle, had seen no new buildings constructed since the depression of the early 1930's.

The world has indeed changed, as we are learning every day.

We are fortunate because our city, in this changing world, has not stood still.

I must say to you today that there will be no time to relax in the next four years; no time to drift; no time to take things easy. Nor would be truly have it any other way, for we know that change and progress is the law of life itself. It is the ability to adapt, to meet new conditions, to take advantage of new opportunities, a constant striving which creates greatness in men and civilizations.

This nation is challenged now because it did relax, because it did become complacent, because it failed in executive energy.

We in Pittsburgh, who have taken so much pride in our community achievements, who are so gratified when delegations come to visit us from other cities and other lands, who have made so brave a beginning in the reconstruction of a great urban center—we in Pittsburgh may rightly be proud of what has been done.

We owe a great debt to our citizen organizations such as the Allegheny Conference and the Pennsylvania Economy League, to our business leadership, to our labor unions, to devoted public servants at every level of government in the city, the county, the state and the nation.

But in looking back, we know that we have not done too much.

We have, in fact, done too little.

The pressure of our times calls for more, and more, and more.

That is true in the city government itself, its departments and its agencies. I believe we have learned the mechanics, made all the practice runs, and achieved measurable, visible, valuable results. But we never can be satisfied until each city service is the best in the land, until the redevelopment program moves with much greater speed, until the last slum house has been destroyed, until we have adequate parking for every district in the city.

In city finance, we have achieved a stability which meets our public needs without a crushing burden on any group of taxpayers.

Our municipal house is in reasonable order.

But OUR municipal house does not stand alone.

We have neighbors, good neighbors, in our suburbs, in our surrounding counties, up and down these river valleys which make our economic region.

We live in co-operation with our agencies of education, public and private, kindergarten to graduate school.

We live in co-existence—not always peaceful—with our agencies of mass transportation, vital to the city but remote from its control.

We are part of the commonwealth, which has been increasingly understanding of our problems. Our economy must reflect the nation's booms, re-adjustments, and recessions.

Our current problems, our emerging problems, our hardest and least mastered problems are, I believe, in those areas in which the city government cannot take direct action.

They are the problems of the whole region to which Pittsburgh belongs, the region which it serves as a center, a capital.

We must, all of us, in the city and out of it, bring these problems into a new regional focus, concentrate our mutual energies upon them until we find solutions.

I can promise that Pittsburgh will be an unselfish partner in these enterprises.

We will understand the need for new community services in areas of expanding population, and will cheerfully participate in the strengthening of county government to aid such services, although our own direct benefits are small or non-existent.

Education is the key to the nation's future. We will do every proper thing to aid and improve our system of education. To our city's colleges and universities—Pitt, Carnegie Tech, Duquesne, Mt. Mercy, Chatham, we will offer every help within our jurisdiction in meeting the enormous obligations which are theirs.

We have lived through a period of community hardship when our principal agency of mass transportation failed to function. In the months and years to come, we must be prepared to take bold steps—dramatic steps—to provide this area with adequate mass transportation. The city alone can't do it, as any map will show, but we will help to the limit in forging a community program which will provide rapid and convenient public transit throughout this area.

We have not, to this time, met our mass transportation problem with the same determination, the same willingness to originate, the same united efforts that have brought success to us in our work of community improvement.

Pittsburgh must discover anew its sense of participation in a regional economic life. We are no island; we must interchange our skills and resources with the people of the Ohio Valley, the Allegheny Valley, the Monongahela, the Lake Erie shore. We must have an awakened and enlightened interest in the communications which either tie the area together, or separate and divert it. We must aid our neighbors in obtaining good highway access, and view with sympathy their needs in port development and water resources.

It is said that we have had a renaissance in Pittsburgh.

History will show that the original renaissance, with its great flowering of art, and learning, and prosperity, was in truth short-lived. The original renaissance was a short respite, in terms of history, between darkness and sterility.

We must make sure that our renaissance

sance in Pittsburgh is not a brief flaring of energy and accomplishment. We must instead give it the seeds of endurance; we must endow it with the ability to live and spread and grow always stronger in the process.

We must, with the nation, learn to use all of our man-power, all of our technology, all of our great industrial plant—all the time.

Unemployment, short work weeks, steel below capacity—these things are waste which America cannot afford.

We in Pittsburgh will do our part—we have always done our part—to keep this nation strong in its defenses and in its economy.

And finally—we will happily join with this mighty nation in the upward surge which must soon once again demonstrate the true, the aroused strength, of the American people.

The Chair presented

No. 8. Bond in the sum of \$25,-000.00 of the Continental Casualty Company on behalf of David L. Lawrence, Mayor, in favor of the City of Pittsburgh, Pa.

Which was read.

Mr. Jones moved

That the bond be accepted and approved, subject to the approval by the City Solicitor.

Which motion prevailed.

The Chair:

Reverend Canon Edward M. Wilson, of the Trinity Episcopal Church, will pronounce the benediction.

And the Rev. Canon Edward M. Wilson, of the Trinity Episcopal Church, pronounced the following benediction:

Unto Thee, our God, who are ever present and ever lasting, we come, the people of the City of Pittsburgh with a love for our holy city. We beseech Thee to grant to our administrative department perfect guidance and understanding. Grant to the Technological Department insight and courage to set forth the best and grant to the Sociological Department a continuation to establish health and social conditions on a greater scale. And to Thee we remain

loyal, healthful and true to the best of our advances and knowledge. And may the blessings of God Almighty be with us always. Amen.

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. Ted V. Voorhees, Pastor of the Church of Good Samaritan. Rev. Voorhees is also the Chaplain at the Western Pennsylvania Penitentiary, and he will deliver the invocation.

Rev. Ted V. Voorhees, Pastor of the Church of the Good Samaritan, offered the following prayer:

Our Father in Heaven, the Psalmist has said, "O give thanks unto Jehovah, for He is good; for His loving kindness endureth forever." We would, therefore, pause before Thee, the great Jehovah, to

give most hearty thanks for all the blessings we have known. Help us to understand that when we try to live without Thee, we are unable to live with ourselves; and when we say "No," to Thee, we are denying our own best interest.

Grant to these men, who have been chosen by the votes of their fellows, that they may find, in the midst of perplexities that Thou art the Solver of problems; in the presence of hurts that Thou art the Healer of wounds; and in the moments of weakness that Thou art our Fortress and Strength.

Bless the citizens of this great city with understanding and patience. Help them to know that the wish of one may not always be best for the many; and help them to withhold judgment and criticism until all the facts and circumstances are known.

Grant that all of us, as citizens of this metropolis, may so live as to improve our status as citizens of the Kingdom of Heaven. In the name of the Father and of the Son and of the Holy Ghost. Amen.

The Chair:

Thank you Rev. Voorhees for your very inspiring prayer.

#### ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Asst City Clerk

Pittsburgh, Pa.,

Monday, January 20, 1958.

Council met.

Present:—

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Dinan	Mr. Weir
Mr. Fagan	Mr. Gallagher
Mr. Jones	(Pres't)

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. Ramsey Bridges, Pastor of the Warren Methodist Church, 2604-6 Centre Avenue, Pittsburgh 19, Pa., who will deliver the invocation.

Rev. Ramsey Bridges, Pastor of the Warren Methodist Church, offered the following prayer:

Almighty God, Fountain of Life and Light, who didst raise up prophets in ancient times to warn and instruct, and whose Son Jesus Christ did send abroad into this world Apostles, evangelists, pastors, and teachers, we beseech Thee to raise up in these days within our midst an increasing number of wise and faith-

ful men, filled with prophetic fire and apostolic zeal, by whose labors our City may be greatly blessed. Through this wilderness of change we need strong men to lead us. The pressures of the age through which we are passing leaves many without originality and judgment; many more are left who seek to be influenced rather than to influence; and many more are left whose beliefs in right and wrong change like the weather. Keep the members of our City Council strong in minds and hearts. Fill them so full of Thy Spirit that they cannot be bought by the spoils of office. Help them to "live above the fog in public duty and private thinking."

We thank Thee, Father, that our City is walled in by a Nike-equipped battalion. We are thankful that we have some guided missiles. Do Thou endow the Mayor of our City and the President of our Nation with strong minds and hearts, and all of us with the spirit of love to the end that our City will be defended against evil powers. May Thy Kingdom come and Thy Will be done on earth as it is in heaven. Our prayer is in the Master's Name. Amen.

The Chair:

Thank you Rev. Bridges for your very inspiring prayer.

#### CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461,

provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, by Ordinance No. 514, approved December 21, 1956, an Ordinance No. 479, approved December 17, 1957, the sum of \$612,000.00 was appropriated to Code Account No. 57, Social Security Fund, to cover payment by the City of employer's contributions to the United States Government for the employee groups participating in the Federal Social Security Program; and

Whereas, the Treasurer of the City of Pittsburgh has by appropriate action set up an account in the Mellon National Bank and Trust Company, designated as "City of Pittsburgh Employees' Social Security Contribution Account" herein after referred to as a trust account, as a depository for employees' contributions to cover employees' payment to the United States Government for the employee groups participating in the Federal Social Security Program; and

Whereas, Section VI (c) (1) and (c) (2) of the Act of June 1, 1956, P. L. 2239, provides that each political subdivision shall pay into the contribution fund with respect to wages at such time or times as the state agency may prescribe contributions in the amounts and at the rates specified by law, and that each such subdivision is authorized to collect from its employees, who are covered by such a plan, a contribution at the rate specified by law, and to deduct the amount of such contribution from employees' wages, and whereas, Section VI (c) (2), supra, provides also that failure to deduct or collect such employees' contribution shall not relieve the employer of liability therefor; and

Whereas, the state agency has directed that the City of Pittsburgh make its contribution on or before January 23, 1958; and

Whereas, by reason of the default of certain employees in making their Social Security contributions as required by law, the City has not received all of the employees' contributions necessary to make payments in accordance with directive of the state agency, and as a result, the trust account set up as the deposi-

tory for employees' Social Security contributions is deficient, as of January 7, 1958, in the amount of \$18,000.00, most of which amount the City expects to collect from its employees in the near future; and

Whereas, the City Treasurer is of the opinion that there are sufficient funds in Code Account No. 57 to pay both the employer's contribution and the said \$18,000.00 which is the deficiency in employees' contribution as of January 7, 1958; and

Whereas, in order to provide the funds for payment to the United States Government of the total contributions due from the City of Pittsburgh, it will be necessary for the Treasurer of the City of Pittsburgh to transfer an amount not to exceed \$18,000.00 from Code Account No. 57 to the "trust account" created for payment of the City's total contribution to the state agency; and

Whereas, the City Treasurer of the City of Pittsburgh, in letters addressed to the Mayor and the City Controller, dated January 10, 1958, has stated that by virtue of the aforesaid it will be necessary for the Council of the City of Pittsburgh to authorize the transfer of an amount not to exceed \$18,000.00 from Code Account No. 57 to the said "trust account"; and

Whereas, the foregoing appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to the Council of the City of Pittsburgh the existence of an emergency requiring the transfer of an amount not to exceed \$18,000.00 from Code Account No. 57, Social Security Fund, to the "trust account" set up in accordance with the foregoing.

#### ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, January 27, 1958.

Council met.

Present:

Mr. Counahan	Mr. Olbum
Mr. Dinan	Mr. Rodgers
Mr. Fagan	Mr. Gallagher
Mr. Jones	(Pres't)

Absent:

Mrs. D'Ascenzo, Mr. Weir.

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. Edward F. McSweeney, Assistant Pastor, Resurrection Church of Brookline, who will deliver the invocation.

Rev. Edward F. McSweeney, Assistant Pastor of the Resurrection Church in Brookline offered the following prayer:

We are come, O God the Holy Spirit, we are come before Thee, hindered by our many and grievous sins, but especially gathered together in Thy Name. Come unto us and be with us; deign to enter our hearts; teach us that we are to do and where we must tend; show us what we must accomplish in order that, with

Thy help, we may be able to please Thee in all things. Be Thou alone the author and the finisher of our judgments, who alone with God the Father and His Son does possess a glorious Name.

Permit us not to disturb the order of justice, Thou who love equity above all things; let not ignorance draw us into devious paths, nor partiality sway our minds, neither let respect of riches or persons pervert our judgment; but unite us to Thee effectually by the gift of Thy grace, that we may be one in Thee and may never forsake the truth; inasmuch as we are gathered together in Thy Name, so may we in all things hold fast to justice tempered by pity, that so in this life our judgment may in no wise be at variance with Thee and in the life to come we may attain to everlasting rewards for deeds well done. Amen.

The Chair:

Thank you Rev. McSweeney for your very inspiring prayer.

### CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas former Traffic Magistrate John Donohue died on September 26, 1957, and under the provisions of Ordinance No. 221, approved June 26, 1956, as amended by Ordinance No. 305 approved July 27, 1956, Mr. Donohue's next of kin were entitled to receive his unused vacation pay; and

Whereas, it was found necessary to appoint Ernest C. Jones as an immediate replacement for the Office of Traffic Magistrate, which resulted in a deficiency in Code Account No. 1022, Salaries, Regular Employees, Magistrates Office of the Mayor; and

Whereas, the Mayor of the City of Pittsburgh in a letter addressed to the City Controller, dated January 15, 1958, has stated that by virtue of the immediate appointment of a new Traffic Magistrate upon Mr. Donohue's death, an emergency has arisen which requires the transfer of \$275.34 from Code Account No. 1028, Salaries, Regular Employees, Traffic Court, to Code Account No. 1022, Salaries, Regular Employees, Magistrates, Office of the Mayor; and

Whereas, the foregoing appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY Controller of the City of Pittsburgh, do hereby certify to the Council of the City of Pittsburgh the existence of an emergency requiring a transfer of the sum of \$275.34 from Code Account No. 1028, Salaries, Regular Employees, Traffic Court, to Code Account No. 1022, Salaries Regular Employees, Magistrates, Office of the Mayor, --

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. William J. Larkin, Pastor, Watson Presbyterian Church, 201 Waldorf Street, Pittsburgh, Pa., who will deliver the invocation.

Rev. William J. Larkin, Pastor, Watson Presbyterian Church, offered the following prayer:

Our Loving Heavenly Father we are thankful that we can come to Thee in the Name of the Lord Jesus Christ Thy Son. Our hearts are filled with gratitude for the presence and power of the Holy Spirit Who is now with us.

We thank Thee for the assurance of the forgiveness of all our sins because Christ died for us on the Cross of Calvary. Our prayer today is for all the people of this city with their sorrows and joys, tragedies and triumphs defeats and victories. Cause each one to realize Thy hand on his life as he continues day by day.

We pray for these friends this day as they serve in the place of authority and responsibility. May Thy abundant blessing rest upon the Mayor of our city and the members of the Council. We thank Thee for all that has been accomplished in Pittsburgh through their efforts and great vision. It is our prayer that each one will seek the will of God in his life and then be led by the Holy Spirit to carry out the Lord's will in the city government. Give each one a heart of love and understanding and wisdom to look upon the office and vocation where they serve as a trust from Thee. We know the truth of Thy Word, "Blessed is the nation whose God is the Lord" and we desire to be known as a people in this city who belong to the Lord and who will honor Him day by day.

For we pray in Jesus' Name, Amen.

Which was read.

Mr. Dinan:

Mr. President: In introducing the carry-over legislation, there are several comments I would like to make. The first is that the departmental requests for carry-overs have been sharply pared. Other than encumbered items, which obviously cannot be cancelled, the departments will find that few of their requests have been granted.

This action was hardly capricious. We must save every cent we can to keep within the budget. I hope the departments will interpret our action in cutting back their requests as being indica-

tive of our determination to hold the line.

The second feature about this ordinance is that it provides sizable surpluses in both the Water and General Fund. These surpluses, although not quite as large as the Mayor estimated when he presented his budgets, will be employed to bring the water and general fund budgets into balance. I hope no one will labor under the misapprehension that this is "free" money. It is already committed to help finance the City's obligations for this year's activities.

#### CASH BALANCES AND CARRY-OVERS FOR YEAR 1958

The Chair:

The Chair recognizes Mr. Dinan.

Mr. Dinan:

Mr. President, Most Reverend Coleman F. Carroll, Auxiliary Bishop of the Catholic Diocese of Pittsburgh, my colleagues in Council, Ladies and Gentlemen; On February 11, 1957, just a year ago tomorrow, my colleagues and I agreed among ourselves that from that date on, Monday, the regular meeting of Council, would be opened with prayer by a Bishop, Priest, Rabbi or Minister of the choice of the Councilman whose turn it was to invite that Bishop, Priest Minister or Rabbi. We set this up alphabetically. My colleagues in Council a year ago agreed that I should have the first choice. I deeply appreciated the honor given to me a year ago. I selected

as my choice a personal friend of mine of many, many years, the Auxiliary Bishop of the Catholic Diocese of Pittsburgh.

Celebrating the first anniversary of that inaugural of having Council meeting open with prayer it was Councilman Gallagher's choice. He very willingly yielded to me and I felt I would be honored and the City of Pittsburgh would be honored to have return on the first anniversary of Council meeting opening with a prayer the Auxiliary Bishop of the Catholic Diocese of Pittsburgh.

I ask him at this time to pronounce the invocation opening this meeting.

The Most Reverend Coleman F. Carroll, Auxiliary Bishop of the Catholic Diocese of Pittsburgh pronounced the following prayer:

Great and Eternal God, Creator and Lord of all things, supreme legislator and ruler, from Whom all power derives and upon Whom all power depends, enlighten and direct those who must make laws so that they may determine in Your Name that which is just or unjust, as a reflection of Your divine wisdom. Give, we beseech Thee, the members of our City Council—upon whom rests the weight of that responsibility—the grace of Your assistance to fulfill their task for the greatest spiritual and temporal welfare of the people of this community.

Grant that they may neglect no preparation or effort necessary or useful for the fulfillment of this high purpose. Grant them, as well, that objective vision and sound realism which will help them always to perceive clearly what is best.

Grant that they may be ever mindful of the welfare of all without unjust partiality or preference. Grant that they

may never be lacking in loyalty to our people, nor in devotion to principle, nor in that high-mindedness which will keep them free from the slightest corruption and petty self-interest.

May their deliberations be calm, dispassionate, inspired above all by the holy yearning for truth; may their resolutions under whatever circumstances be consonant with Your principles. May we strive, even in our lowliness, to imitate that righteousness and holiness with which You, Yourself, govern and rule, for Your greater glory and the true welfare of human society.

Hear our prayer, O Lord, that Your light may never fail their minds, that Your strength may never be lacking to their wills and that the warmth of Your love will always fill their hearts which must love our people with tenderness.

Withdraw from us every human ambition and every unlawful craving for self-aggrandizement. Instill in them a lively, deep and ever-present desire for a wholesome social order and for what is in accord with the principles of right and equity, and may they and we one day, as our supreme reward, together enjoy Your blessed presence for all eternity. Amen.

**Mr. Dinan:**

All the members of Council are most grateful for those ministers who have co-operated with us during the course of the year. I am sure my colleagues feel as I do that this certainly has been an inspiration and a help to us.

#### POST OFFICE DEPARTMENT

Washington, D. C., February 3, 1958

Mr. George Boxheimer  
City Clerk, Council of the  
City of Pittsburgh  
510 City-County Building  
Pittsburgh 19, Pennsylvania

Dear Mr. Boxheimer:

The Postmaster General has asked me to reply to your letter of January 14 transmitting a copy of the resolution approved by the Mayor of your city requesting that a stamp be issued to commemorate the Bicentennial Celebration of the City of Pittsburgh.

We are, of course, well aware of the importance of this to the people of Pittsburgh and do appreciate the feelings of the City Council. However, the members of the Council can surely understand our position, confronted as we are with hundreds of requests for new stamps each year. After all factors were carefully considered, the Citizens' Stamp Advisory Committee decided that celebrations honoring anniversaries of cities and towns do not meet the criteria for commemorative stamp issues. The Committee feels such events are of local rather than nation-wide interest and, therefore, did not recommend the issuance of a Pittsburgh Bicentennial stamp.

I am sorry we cannot comply with the Council's request and I want you to understand we do appreciate their interest.

Cordially yours,

L. Rohe Walter  
Special Assistant to the  
Postmaster General

Which was read, received, filed and copy ordered sent to J. E. Sugden, Jr., Esq., 705 Renshaw Building, Pittsburgh 22, Pa.

Members of Council, we are honored this afternoon by the presence of Rev. Ralph Godwin, Assistant Pastor, Christian and Missionary Alliance Church, 709 Union Avenue, North Side, who will deliver the invocation.

Rev. Ralph Godwin, Assistant Pastor,

Christian and Missionary Alliance Church, 709 Union Avenue, North Side, offered the following prayer:

O God, our Heavenly Father, we thank Thee for the joy of living in this great hour of human history. On every hand we see the amazing signs of Thy faithful and continuous blessing upon us in a rapidly changing world. Thou art our unchanging, constant source of life and power and wisdom. Instinctively do we turn to Thee, O God, for understanding and guidance.

Remember the peoples of our great city. We bless Thee for wise and orderly government, we are grateful for dedicated leaders and earnestly pray with them for divine direction in all deliberations. We pray for the vigilant continuance of the wholesale observance of keeping the Lord's Day a day of rest. Let the voice of Thy Holy Spirit be clearly heard in our hearts above the din and rumble of busy lives and reveal to us the path of acceptable service. Rivet our collective attentions to fundamentals and ever weld us to our individual responsibilities. Make us creative in righteousness and give us a godly optimism in the face of every perplexing problem.

Keep before us, O God, the ten thousands of children and teen-agers in our communities and enable us to plan wisely for their moral and economic well being. Above all, teach us here to number our days and to seek Thy favor more than the favor of men. We ask in the name of Jesus Christ our Lord. Amen.

The Chair:

Members of Council, we are honored this afternoon by the presence of Very Rev. John Pipik, Rector, St. John's Cathedral, Munhall, Pa., who will deliver the invocation.

Very Rev. John Pipik, Rector, St. John's Cathedral, Munhall, Pa., offered the following prayer:

O Thou who hast the words of eternal life, help us to cultivate proper speech. Surrounded as we are in the city with noble inscriptions of the plain, stirring words of wise men, may we say what we mean and mean what we say. And may it be worth saying. Teach us economy in speech that neither wounds or offends, that affords light without generating heat. Bridle our tongues lest they stam-pede us into utterances of which, later, we shall be ashamed. We ask in the name of Christ Jesus. Amen.

The Chair:

Thank you Very Rev. Pipik for your very inspiring prayer.

Also, with an affirmative recommendation,

An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Water to enter into an agreement with the South Pittsburgh Water Company for the purchase of water by the City of Pittsburgh and for the supplying of water to certain water consumers in the City of Pittsburgh through facilities of the South Pittsburgh Water Company."

Which was read.

Mr. Dinan moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

The Chair (Mr. Fagan):

Members of Council, I want at this time to say a few words with respect to Bill No. 362, which authorizes the proper officers of the City of Pittsburgh to enter into an agreement with the South Pittsburgh Water Company for the supplying of water to consumers of the Water Company whose residences and places of business are within the limits of the City of Pittsburgh.

Under the provisions of this ordinance, the City is about to sign a new contract with the South Pittsburgh Water Company that will cost \$275,000.00 a year more.

Before that agreement is consummated I hope that someone representing the City of Pittsburgh will kindly request

the South Pittsburgh Water Company to eliminate the odors and foul taste of the water. Many times the water has a gasoline or crude oil taste.

For three or four days at a time you get an awful oily taste from the South Pittsburgh Water. But when residents call the Company to complain the firm tells them, "Well, somebody spilled oil in the Monongahela River, and there is nothing we can do about it."

I believe the rates are high enough for them to provide us with good, clean, wholesome water, and that the Company ought to get a purifier, if necessary.

I urge the representative or representatives of the City—namely, Councilman Counahan, Chairman of the Committee on Filtration and Water, and John A. Murphy, Director, Department of Water, to check into this complaint before the new contract is signed for the purpose of bringing about a better supply of water to the consumers of the company.

And the bill as read a second time was agreed to.

And Mr. Fagan took the Chair.

The Chair:

Members of Council, we are honored this afternoon by the presence of Dr. Paul E. Daugherty, Missionary Superintendent of Pittsburgh Synod of the Evangelical Lutheran Church of America, who will deliver the invocation.

Dr. Paul E. Daugherty, Missionary Superintendent of Pittsburgh Synod of the

Evangelical Lutheran Church of America, offered the following prayer:

Almighty God, Our Father in Heaven, who through Thy great love and mercy hast granted unto us the privilege of life and hast provided bountifully that our lives might be sustained.

With grateful hearts we look to Thee this day mindful of all of Thy great goodness and love without which we could not exist.

Especially do we gratefully remember our forefathers whose sacrifices and labors we now enjoy and whose faith in Thee has founded our nation upon principles given through Thy Holy Word.

We thank Thee especially for the men and women who have led Pittsburgh to be a great city in this world. For their God-given talents, for their benevolent wealth and for the dedication of their abilities in service to others we are indebted to both them and to Thee.

Mindful of our rich inheritances, we implore Thee to continue Thy favor upon us and to cause us to render full and loving service to Thee and to each other as Thou hast loved and ministered to us.

Give unto Mayor Lawrence and all other leaders of our wonderful city continuing vision to plan and build for the future that lives might be enriched by Thee, who are The Way, The Truth, and The Life.

And to Thee be all honor and glory through Jesus Christ, Thy Son, Our Lord. Amen.

The Chair:

Thank you Dr. Daugherty for your very inspiring prayer.

#### ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, March 24 1958.

Council met.

Present:—

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Dinan	Mr. Weir
Mr. Fagan	Mr. Gallagher
Mr. Jones	(Pres't)

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. William A. Simmermon, Pastor, Ross Community United Presbyterian Church, who will deliver the invocation.

Rev. William A. Simmermon, Pastor, Ross Community United Presbyterian Church, offered the following prayer:

Almighty God, we would give Thee thanks in the name of Jesus Christ, our Lord, for this opportunity and privilege to approach Thy throne to obtain help in time of need. Thou art the God of creation; Thou art the governor and sustainer of all life; Thou, alone are the one by whom kingdoms rise and wane, nations endure or perish. We know that councils may err and have often erred. But we are convinced that when Thine

aid is implored Thou wilt motivate and control our deliberations and actions to keep them from the selfishness that is often the root of all error.

Bless, therefore, this council convened by prayer that it may be empowered with divinely-inspired wisdom—for Thou hast promised, "If any man lack wisdom let him ask God who gives to all men generously and without reproaching and it will be given him." As this council has been selected by Thee through the will of the people—let them therefore reflect that will. Grant them vision to see the right, courage to maintain the right, and the strength to defend it against all criticism. When the way is difficult and the vision obscured, then open their eyes to behold the goal Thou wouldst have them attain. Keep these men from the discord that would hamper the purpose of their meetings. Free them from petty motivations that would frustrate their desires as a council. Let them rise above partisanship that would block their progress. Grant to each man assembled here a divine sense of duty and call so that they, having sought Thee for counsel and guidance may have the assurance that he has done Thy will as he would see it. And from the deliberations of this council this day and every day may there flow such good fruits of righteousness and worth that it may be said of this council and this city—their work is blessed because God is their Lord and master.

All this we would ask in the name of Jesus Christ our Lord. Amen.

The Chair:

Thank you Rev. Simmermon for your very inspiring prayer.

## MOTIONS AND RESOLUTIONS

Mr. Counahan moved

That the President of Council appoint a committee of three to draft the appropriate resolution commending and congratulating the North Catholic High School basketball team in winning the State Catholic Class "A" Basketball Championship.

Which motion prevailed.

And the Chair appointed Messrs. Counahan, Fagan and Olbum to draft the appropriate resolution extending congratulations to the North Catholic High School Basketball Team in winning the State Catholic Class "A" Basketball Championship.

Mr. Fagan:

Mr. President and Members of Council, you know the expectation is always greater than the realization. This, of course, is the case of the St. Casimir High School Basketball Team. At the meeting of Council last week a resolution commending the team for winning the local Catholic Class "B" basketball championship was adopted. And, of course, this team was victorious in the first two basketball games, and went on to the finals. Unfortunately, they were defeated in that final game.

Of course, the world loves a good loser as well as a good winner. I might say that St. Casimir High took the defeat very graciously. After all, it is better to have fought and lost than to have never fought at all; and "he that fights and runs away will live to fight another day."

St. Casimir's will be back for the 1958-59 season. There isn't any doubt about that. They had a lot of sophomores on the team. Next year they will be juniors and the following year these juniors will be seniors. They look forward to a successful season in the next two years.

St. Casimir's was defeated by a good team and a big team—the boys on the winning team averaged six and seven feet in height—so that gives you one good reason why the team lost.

I have a keen interest in St. Casimir's team because Mr. Counahan and I helped select the man (S. Chapman Wright) to make a great coach out of Gus Krop, who was a wonderful basketball player and now a good coach.

St. Casimir's has put the South Side on the map and brought renown not only to that section of the City, but the City as a whole. We are proud of the members who made up this team, their Pastor, Reverend Kazenas, and all others who assisted in perfecting these young men in the game of basketball.

Although St. Casimir's was beaten by a good team, St. Leo's, I am still for St. Casimir's hook, line and sinker.

May I leave this quotation with my good friends, Councilmen Jones and Olbum, that it is better to love what you can't have than to have what you can't love.

Mr. Fagan:

Mr. President, last week a committee, consisting of Messrs. Rodgers, Olbum and myself, was appointed to draft a suitable resolution on the death of Mrs. John M. Phillips.

Your committee at this time desires to present this resolution.

Mr. Fagan presented

No. 545. Whereas, Almighty God, in His infinite wisdom, has removed from our midst one of Pittsburgh's most distinguished citizens; and

Whereas, Mrs. John M. Phillips, during her lifetime, devoted herself to the betterment of her community and to the enrichment of life for all persons of every race and creed, achieving success in every project she undertook, and then moving on to other fields of helpfulness; and

Whereas, Through her philanthropic and charitable deeds she has left behind a monument of good works, in which her family can take pride and for which both the City of Pittsburgh and the Commonwealth of Pennsylvania will be eternally grateful; Therefore, Be It

Resolved, That the Mayor and Members of Council of the City of Pittsburgh express their deep sorrow at the passing of this gracious woman; and Be It Further

Resolved, That this resolution be spread upon the Minutes of Council and that a copy be forwarded to the bereaved members of the family of Mrs. John M. Phillips.

St. Casimir's has put the South Side on the map and brought renown not only to that section of the City, but the City as a whole. We are proud of the members who made up this team, their Pastor, Reverend Kazenas, and all others who assisted in perfecting these young men in the game of basketball.

Although St. Casimir's was beaten by a good team, St. Leo's, I am still for St. Casimir's hook, line and sinker.

May I leave this quotation with my good friends, Councilmen Jones and Olbum, that it is better to love what you can't have than to have what you can't love.

Mr. Fagan:

Mr. President, last week a committee, consisting of Messrs. Rodgers, Olbum and myself, was appointed to draft a suitable resolution on the death of Mrs. John M. Phillips.

Mr. Dinan:

Mr. President, I desire to make a motion at this time, that when Council adjourns this meeting, it adjourns out of respect to the memory of the late Frank L. Swaney, a man who devoted his entire life in the service of the City of Pittsburgh. He was eminently associ-

ated with the Council, because he worked in the City Clerk's Office.

Since all of us were honored by being elected to Council, we had an opportunity to become acquainted with Mr. Swaney. He was taken from our midst yesterday morning. He was an excellent employee. He underwent a severe illness for two years, to my knowledge; yet in the face of all this suffering, he reported for work and gave us his all, to be of service to Council and the City of Pittsburgh.

I move that when Council adjourns today, it shall adjourn out of respect to the memory of one of our able City employees, Mr. Frank L. Swaney, and that we stand for a moment in silent prayer.

Which motion prevailed by a rising vote, and a moment of silence.

And,

Council adjourned.

Whereas, The Director of the Department of Lands and Buildings in letters addressed to the Mayor and City Controller under date of March 14, 1958, has stated that an emergency has arisen in the Department of Lands and Buildings requiring the transfer of funds to enable the department to meet the payroll for the fourth quarter of 1957, emergency overtime, in Code Account No. 1369, Municipal Hospital, Department of Lands and Buildings; and

#### MOTIONS AND RESOLUTIONS

Mr. Counahan:

Mr. President, last week a committee, consisting of Messrs. Fagan, Olbum and myself, was appointed to prepare a suitable resolution congratulating North Catholic High School in winning the State Catholic Class "A" Basketball Championship. Your committee has performed this task and as Chairman of

the committee, I am pleased to submit herewith the proper resolution.

Mr. Counahan presented

No. 581. Whereas, North Catholic High School on March 22, 1958, at Hershey, Pennsylvania by defeating Bishop McDevitt High School of Harrisburg, won its first State Catholic Class "A" Basketball Championship in eleven years; and

Whereas, This outstanding feat is a tribute to the capable and expert coaching of their mentor, Don Graham, and to the splendid team play of all the members of North Catholic High School; and

Whereas, This team by its fine play has brought renown not only to the City of Pittsburgh, but also to the Commonwealth of Pennsylvania; Therefore, Be It

Resolved, That the Mayor and the members of Council extend their congratulations and best wishes to the members of North Catholic High School and its capable coach in winning the State Catholic Class "A" Basketball Championship.

Which was read.

Mr. Counahan moved

The adoption of the resolution.  
Which motion prevailed.

The Chair presented

No. 582. Whereas, The freedom to worship God is one of the basic desires which led to the founding of this country; and

Whereas, Good Friday is a deeply significant day for all of the Christian World; and

Whereas, Many of our citizens desire to recognize Good Friday with personal and community devotions and to intensify the solemnity of our observance of this solemn occasion on the Christian Calendar; and

Whereas, Worshipful observance of this day and spiritual rededication on this day can do much to strengthen us as a nation, as we strive to face up to the tasks that confront us as a leader in this modern world; Now, Therefore, Be It

Resolved, That the Mayor and City Council request the citizens of Pittsburgh to make possible the maximum opportunity for observance of this holy

anniversary on Friday, April 4, 1958, between the hours of 12:00 Noon and 3:00 P. M.

Which was read.

Mr. Dinan moved

The adoption of the resolution.  
Which motion prevailed.

Mr. Dinan:

Mr. President, in line with the adoption of that resolution, I want to wish my colleagues in Council, the employees of the City Clerk's office, and all the citizens of Pittsburgh a happy and blessed Easter and Passover.

I am going to offer a motion that we recess this meeting of Council until 2:30 tomorrow afternoon. Before I do that, I would like to adjourn this meeting tomorrow afternoon out of respect to two gentlemen who the Lord has laid his hands on heavily this week. Although neither of them were native Pittsburghers, one Charles E. Kenworthy, was a former Superior Court Judge, who six or seven years ago, came here to take up the practice of law in Pittsburgh. His short stay of six or seven years in Pittsburgh was a very, very active one. He was active in many worthwhile community activities and one of my friends, and I include him as a friend of Council. The same is true of the Secretary of the Commonwealth of Pennsylvania, James A. Finnegan. I will offer this as a motion that we adjourn the meeting tomorrow rather than today out of respect to these two fine Americans, and ask that we stand at that time in silent prayer in memory of these two men.

Mr. Dinan:

Mr. President, a week ago I rose to suggest that Council adjourn in memory of one of the employees of the City Clerk's office. I failed to ask the Chair to appoint a committee to draw up a suitable resolution. I now ask the Chair to appoint such a committee.

The Chair:

The Chair appoints Mr. Dinan, Mr. Olbum and Mr. Jones as members of the committee to draft the proper resolution on the death of Mr. Swaney.

Mr. Fagan moved

That the following members be

excused for absence from Council and committee meetings:

Mrs. D'Ascenzo on March 18 and 19, 1958.

Mr. Dinan on March 3 and 4, 1958.

Mr. Olbum on March 3, 1958.

Mr. Weir on March 3 and 18, 1958.

Mr. Gallagher (Pres't) on March 3, 4, 10, 11 and 18, 1958.

Which motion prevailed.

Mr. Olbum:

Mr. President, I rise to make a brief comment regarding two incidents which occurred on successive days this past week, about which, I am sure, you all read in the newspapers. On two successive days the lives of two babies were saved by very prompt and efficient life-saving action on the part of two patrolmen from the Bureau of Police, assigned to ambulance No. 9-A, working out of the Mt. Washington station. The newspapers acclaimed rather elaborately James F. Brown and Arthur C. Parris.

The two successive days were very similar. In one of these incidents, a five-week-old baby was involved. Her breathing had become difficult because mucous had accumulated in the throat of the baby. Lieutenant Brown, who operated the resuscitator, when he saw that the Red Cross Live Saving Course could not be applied, actually sucked the mucous from the mouth of the baby with his own mouth, and kept this child alive until the hospital was reached. A remarkable piece of quick thinking which indicates the kind of men we have in the Bureau of Police, and the resourcefulness they are able to bring to bear on a particular situation when it is required.

We don't read about these incidents in the newspapers very often, but if you will follow the "Letters to the Editor" columns you will notice that hardly a week goes by without some mention of the Police Department because of the life-saving work which has been performed by its members; police saving the life of a baby, many cases the life of an adult.

I can recall, when I was Director, the lives of two adults in one family were saved at different times of the day by the prompt application of oxygen to two different individuals in that family.

As I said before, many of these people are very, very grateful and express themselves in letters to the editors. Many do not care to write letters to the newspapers. They write to the Mayor of Pittsburgh and the Director of the Department of Safety. Many letters of this tender come across the desk year in and year out, as I have had occasion to see. It is a tribute to men of the Police Department that we have men of the stature of James F. Brown and Arthur C. Parris who are always available, and in many instances render services above and beyond the call of duty.

These two incidents are simply typical of the kind of service that is rendered by the patrolmen and other personnel in this City week in and week out and year in and year out.

We occasionally read that a member of the Police Department finds himself in some difficulty. We should remind ourselves that this kind of incident is much more numerous than the kind of incident where the member of the Bureau of Police gets himself involved in some difficulty. I think this juxtaposition coming as they did on successive days, merits official recognition of this body. I know that my colleagues in Council share the pride and satisfaction which all of us have in the kind of work that was illustrated in these two instances and the life-saving work which is rendered by these men every day throughout the year. Despite the fact that accidents of all sorts happen all hours of the day, it is reassuring to know we have in the Bureau of Police those who are able, in a very short time, to reach a party to render that life-saving assistance these men have given in many instances.

You have all read the stories of the number of babies that have been born in police cars, literally dozens and dozens of them. We have been very fortunate. We have not lost a baby yet. We don't like to press our luck. We certainly do not suggest that expectant mothers wait so that their babies will be born in the police cars. These policemen have been trained through the Red Cross and the County Health Department in what to do in these emergencies. Members of the Police Department have actually delivered babies in these instances. They got the mothers and children to the

hospital, so no untoward incidents have occurred.

I say again it should be a cause of many reassurances in this City that we have men like this; dedicated to the preservation of life, who are trained to know what to do when an emergency arises; to have the skill and resourcefulness to use, as the one in this case, when the occasion demands.

I am sure you will take official recognition as applied to these two patrolmen this past week.

Mr. Jones:

I think it has merit. We have situations where we have provided in the budget for outstanding achievements of this nature. They can be rewarded by meritorious appointments. If we can recognize a basketball team and praise them, I think our own employees, by the same token, should have it in the same form. I am willing to compromise on a letter that we can all sign. I think it would be appropriate for the Chair to appoint a committee.

The Chair:

The Chair appoints Mr. Fagan, Mr. Jones and Mr. Olbum as members of the committee to draft the proper resolution.

Mr. Weir:

I thought that perhaps as a member of the Parking Authority, Council's representative, so to speak on the Parking Authority, that it might be appropriate at this time for me to refer to another matter that has aroused considerable interest in Pittsburgh. At the moment I am referring to an article in the April issue of Fortune magazine by Miss Jane Jacobs. This morning's Post-Gazette had a well-reasoned, sensible editorial in regards to it, which I think we could all subscribe to in general. However, this afternoon Mr. Jones and most of you will be going to the tunnel breakthrough; a significant event in the total redevelopment of the City. Afterwards, you will be going to a cocktail party in relation to it. I regret that I will not be able to be with you there. I am quite sure that at this cocktail party you will probably be asked what you think of Miss Jacobs' view and particularly as reflexed on the City of Pittsburgh.

Of course, I think her article was intended to be deliberately provocative. Writers like to be a little on the spectacular side in order to have their articles recognized nationally and spontaneously as her has been recognized. I am sure she is well informed on the subject. She knowingly glosses over the fact that we are dealing with redevelopment in commercial areas where there are no people living at all; that you can not get needed assistance from the Federal Government and State Government because those funds are available only if you are replacing substandard housing. That is the biggest, single defect, as I see it, in her reasoning. In other words, cities do not have the same opportunity to enter directly or indirectly into commercial redevelopment or rebuilding of the business district in areas where people live for that major reason.

Nevertheless, this very clever girl has some good idea. Just because she may be wrong in some things, it is no reason to ignore completely what she has to say. One thing that she points out rather well, I think she points it up indirectly it up indirectly, you have to be very careful that you do not let highway engineers make your roads so good in getting people in and out of town and getting people through town that you have no town left for them to want to come in and out of, and do anything except to get through. When we consider the Boulevard of the Allies, we can all see what that did to a certain part of the City. Maybe we are lucky we were never able to widen Oliver Avenue.

We have not been entirely oblivious, however, to one of the principle ideas of Miss Jacobs; that you have to preserve the commercial aspect of a neighborhood; that you have to try as best you can to keep in it that life that comes from a lot of commercial activity being reasonably close together; that thing that used to make every little town in Pennsylvania so interesting on a Saturday night before the automobile age when you parked downtown and there was a crowd of other people shopping and looking around; every time you turned you saw a more interesting window to look into.

I wanted to say to you that when you are questioned by these people at this

cocktail party, that you can say to them, at least the parking authority has never forgotten that important fact. Also, where the situation has existed, it has seemed desirable to have stores in the garages so there would not be those long empty spaces. We have put in stores. Some people have the mistaken notion that it is done for the economic consideration. That is not so. It is done purely and simply to preserve the commercial aspect of the downtown shopping areas. In the garages, which will shortly be built, partly on Sixth Street that same idea is being carried out in what I think will be a rather attractive way. It has been necessary to vacate and close a portion of Mentar Way which runs from Penn Avenue and Fort Duquesne Boulevard. Mentar Way is being turned around and out into Sixth Street in order to afford ingress and egress to other people otherwise shut off. This garage is designed with an arcade, both on Sixth Street and New Mentar Way, with shops in the arcade. This being in a small way, a little touch of the sort of things that Miss Jacobs argues for in the downtown areas. Nothing like the great arcadia shopping center of Amsterdam.

I thought I would mention it, knowing how you will be deluged at this party. Every time you take a cocktail somebody is going to confront you with the question of what you think about this article, and I cannot be there to stand by your side to defend you.

#### CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P.L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, the Director of the Department of Supplies, in a letter dated March 7, 1958, addressed to the Mayor and to the City Controller, has stated that Federal surplus food commodities donated by the United States Department of Agriculture to the Commonwealth of Pennsylvania for distribution to eligible, needy persons in the Commonwealth, will be available; and

Whereas, the present industrial recession has caused widespread unemployment in the City of Pittsburgh, making it necessary for the City of Pittsburgh to participate in the distribution of Federal surplus food commodities to needy persons within the City; and

Whereas, in order to fully participate in the distribution of the City Federal surplus food commodities, it is necessary for the City to assume and pay the expense of handling, warehousing, packaging, transporting and delivering the surplus food, and other services related thereto, within the City of Pittsburgh, and the entering into of a contract or contracts for the said purposes, and for the employment of the following additional personnel in the Department of Supplies:

One (1) Supervisor \$5,500.00 per annum  
One (1) Assistant Supervisor-----  
-----\$4,500.00 per annum

Whereas, such appears to be a good and sufficient reason to impel the certification of an emergency.

Now, Therefore, We, DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the appropriation of the sum of \$175,000.00 to Code Account No. -----, De-

Mr. Dinan moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Dinan:

Mr. President, by passing this ordinance providing for the distribution of surplus food to needy Pittsburgh families, City Council is recognizing the severity of the economic conditions which presently exist here in the Pittsburgh area.

Obviously, the surplus food which is made available by the Federal Government is limited, both in selection and in quantity, but I am hopeful it can help in this pressing period of economic decline.

Actually, the distribution of this food could best be handled by the Federal Government itself, under a food-stamp plan. I understand that Congress is now considering legislation which would provide for such distribution. Until some such arrangement can be worked out, however, I believe that Pittsburgh and other local communities must take action, despite the fiscal difficulties which all local governments now face.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

#### ONE HUNDRED TENTH COUNCIL

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, April 7, 1958.

Council met.

Present:—

Mr. Counahan	Mr. Olbum

Mr. Dinan	Mr. Weir
Mr. Fagan	Mr. Gallagher
Mr. Jones	(Pres't)

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. John Fey, Pastor, Faith Lutheran Church, who will deliver the invocation.

Rev. John Fey, Pastor, Faith Lutheran Church, offered the following prayer:

Our beginning be in the name of the Triune God, Father, Son and Holy Ghost.

O Almighty and Eternal God, all honor and praise be to Thee, who through the death of Thy only begotten Son has destroyed sin and death, and by His rising to life again restored innocence and everlasting life, that we, being delivered from the power of the devil might live under Thee in Thy kingdom. We beseech Thee

to grant that we may evermore be comforted by true faith in the resurrection of Thy dear Son. Do Thou also, by the operations of Thy quickening Spirit fulfill Thy work in us, that we live no more unto ourselves, but that Thou livest in us by Thy divine power, making us perfect in every good work to do Thy will, and working in us that which is well-pleasing in Thy Sight. Do Thou of Thine infinite goodness direct the hearts of all who bear authority, help them with power of Thy Holy Spirit to make laws in accordance with Thy will, and for the advancement of righteousness. Protect them from the snares of the enemy and the deceits of the world. Let no pride of power betray them into rejection of Thy commandments; and grant that all our executives and officials and our whole people may with one mind serve Thee. Grant, O Lord, that we may love our city with a holy love, being turned aside by no wickedness in high or low places, but with steadfastness of purpose and unremitting zeal, labor together with all who love righteousness, to purify and cleanse, to enlighten and inspire; that our city may do justly love, kindness and walk humbly with Thee; grant peace unto our land and peace unto our souls and preserve the joy and gladness of Easter continually in our hearts. O Thou God of peace, who hast brought again from the dead our Lord Jesus, the great Shepherd of the sheep, through the blood of the everlasting covenant, draw our souls and bodies at the last perfectly to Thee, that we may live with Thee and praise Thee, world without end.

The grace of Our Lord, Jesus Christ in the love of God, the Father, and the Fellowship of the Holy Spirit be and abide with us all. Amen.

The Chair:

Thank you Rev. Fey for your very inspiring prayer.

#### MOTIONS AND RESOLUTIONS

Mr. Dinan:

Mr. President, last week you appointed a committee, consisting of Messrs. Jones, Olbum and myself, to draft an appropriate resolution on the death of Frank L. Swaney, an employe in the City Clerk's office.

Your committee has performed its duty, and I am privileged to present the proper resolution at this time.

Mr. Dinan presented

No. 615. Frank L. Swaney, a staff member of the Council, passed away March 23, 1958.

Mr. Swaney served in various positions in the City of Pittsburgh and the Court of Common Pleas of Allegheny County since 1913, the last 32 years of which he was employed by the City of Pittsburgh.

He was kind, gentle and friendly, endearing himself to all. He was a loving and considerate husband. Mr. Swaney was a veteran of World War I, being affiliated with Post 496 of The American Legion, and was also active in church and fraternal organizations.

Therefore, Be It

Resolved, That the Mayor and the members of Council of the City of Pittsburgh express their deep sorrow at the passing of Mr. Swaney; and Be It Further

Resolved, That this resolution be spread upon the minutes of Council and that a copy be forwarded to his family.

Which was read.

Mr. Dinan moved

The adoption of the resolution. Which motion prevailed by a rising vote and a moment of silence.

Mr. Olbum:

Mr. President, the committee, consisting of Mr. Fagan, Mr. Jones and myself, appointed by you to draft a suitable resolution commending the personnel of the Bureau of Police, Department of Public Safety, for its many activities in the preservation of life, etc., is proud to present such a resolution at this time.

Mr. Olbum presented

No. 616.

The Council of the City of Pittsburgh,

Noting with deep satisfaction the extraordinary feats of life-saving which have been performed by many patrolmen of the Bureau of Police during the past several years in a great many emergency situations, which have resulted in constantly increasing recognition by the residents of the City of Pittsburgh of the outstanding work of the Bureau of Police in emergency cases; and

Recognizing that these feats reflect an unusual proficiency in the administering of first aid, and a sincere dedication by the Police to the preservation of human life; and

Noting the dramatic incidents which occurred recently on two successive days, when the lives of two suffocating babies were saved by the skill and resourcefulness of the team of James H. Brown and Arthur C. Parris, which incidents are typical of the many which have occurred in which many members of the Bureau of Police have performed in similar fashion; and

Wishing to express to the Bureau of Police, and to the personnel of that Bureau who have participated in the aforementioned incidents, the official commendation of the City of Pittsburgh and the gratitude of the residents of the City,

Does hereby commend Patrolmen James H. Brown and Arthur C. Parris, together with all the other employees of the Bureau of Police who have par-

participated in the compilation of the excellent record of the Bureau in the field of emergency life-saving activities, and does hereby express to all such personnel the sincere gratitude of this Council and of the residents of the City of Pittsburgh for the many lives which have been saved, and for the climate of confidence and reassurance on the part of the residents of the City which has been created by their highly laudable performance.

Which was read.

Mr. Olbum moved

The adoption of the resolution.  
Which motion prevailed.

Mr. Counahan:

Mr. President, last week at the meeting of the Committee on Finance, I made a report on the condition of the water furnished the consumers of the South Pittsburgh Water Company. I ask unanimous consent to have that report included in the minutes of this Council meeting.

The Chair:

If there are no objections, the request of Mr. Counahan will be complied with.

The report made by Mr. Counahan on the condition of the water supply of the South Pittsburgh Water Company is as follows:

Mr. Counahan:

"Mr. Chairman and Members of Council, I would like to submit a report in regards to the South Pittsburgh Water Company.

"Several weeks ago when we were passing the five-year contract, Councilman Fagan requested that before the contract was signed, the Chairman of the Water Committee, along with the Director of the Water Department, make an investigation to see what is the cause of the bad taste—oily taste—that it had a taste of oil in it. I believe that covers it, Mr. Fagan.

"As you know, we had been making tests of any water that the people of the City of Pittsburgh use to see that it meets the State requirements. Our test in the past has shown that it met the State requirements. Our test is not

complete. We only did it to show that it came up to that qualification. We decided, since that time, to make a complete test. A proper test is one that should have the bacteriological, chemical and mineral tests. We are on the verge of working that plan to make a complete test and to expand and make more tests. Along with that, we are going, to make a test of the river by utilizing the Police Department, who are going to make the test for us by using the Police Patrol Boat. The Fire Boat is stationed on the Monongahela River and if they see any violations, they are going to make a test of the oil or anything that is dumped into the river. They will make the test so that if it is necessary to prosecute, we will have a test of what was dumped into the river. That test will be a chemical and mineral test. The bacteriological test will not be necessary.

"Mr. Fagan and I met with Director Rosenberg, the Director of the Department of Water, and our man in charge of the Filtration Plant. Each one of the boats will be equipped with necessary containers to pick up samples of water from the river for the tests. They will be processed by our own department and if there is any violation—will be referred immediately to the Law Department.

"As you know, the water in the river is subject to the 1937 State Law Stream Purification Act. If there are violations, our Law Department will work with the State to have the nuisances abated. If we can't prosecute it ourselves, we will refer it to the State.

"The test is not going to be confined to just where we have an inlet, which is up Beck's Run. We are going to make tests of the river within the confines of the City of Pittsburgh.

"We have been violators of the Pure Stream Act ourselves. We have to take into consideration the cities below us. We are not going to be interested only in violations above our own inlets. We are going to police the rivers to see if there is any violations within the confines of the City of Pittsburgh. The Police are going to do this for us. With this thought in mind, we will know that we are endeavoring to eliminate those conditions, and, particularly, protect the people using water after it has passed

the City of Pittsburgh. It puts me in mind of a poem—

"The River Rhine it is well known  
"Doest wash your City of Cologne  
"Pray tell me please what power divine  
"Shall henceforth wash your River Rhine?"

"In other words, let's stop polluting the rivers in Pittsburgh, and we will help our neighbors below. Any violation will be referred to the Law Department. The Water Department and the City Council will receive a report of violations.

"I am now going to submit a partial report. This is from the City Police. We did not have any tests made of the liquids that were pumped into the river. I will not use names for the reason that we made no tests. This memorandum is dated March 24th, and is as follows:

"The subject is the pollution of the Monongahela River.

"On order of Assistant Superintendent Lawrence J. Maloney, the River Patrol left the base with the cruiser and a skiff to check the Monongahela River and investigate where the oil is being dumped into the water that is polluting the drinking water distributed by the South Pittsburgh Water Co.

"The investigation conducted by Acting Lieutenant Peter R. Settnek of the River Patrol found a very heavy concentration of oil on the south shore of the Monongahela River from Beck's Run where the South Pittsburgh Water Company has their intake to a point below. Acting Lieutenant Peter R. Settnek found an employee of a company pumping out the hold of a barge into the river. He went to the office of the company and notified an official. The official stated that the employee will be reprimanded and that it shall not happen again."

"The report further states 'that an investigation shows a heavy concentration

of oil on the north shore of the Monongahela River from the Brady Street Bridge to a point below the Glenwood Bridge. With a strong wind below the Brady Street Bridge blowing up the river it is possible that any oil on the surface of the river could be pushed up the river.'

"The report is signed by 'Acting Lieutenant Peter R. Settnek.'

"I don't want to use names because we don't have any factual evidence."

#### The Chair:

Reference is made of one thing in the letter—the Acting Lieutenant. This should be called to the attention of Mr. Olbum.

#### Mr. Olbum:

I don't know whether there were any assigned to the River Patrol. I will investigate it.

#### The Chair:

We shouldn't have any Acting Lieutenants. There shouldn't be any Acting Lieutenants since the first of the year when the new budget went into effect.

#### Mr. Jones moved

That the Minutes of Council of Monday, March 31, 1958, and Tuesday, April 1, 1958, be approved.

Which motion prevailed.

#### Mr. Jones:

Mr. President, at this time I want to extend my thanks and appreciation, and also those of the other members of Council, to Reverend John Fey for his appearance in Council today and offering the prayer which opened this session. It is hoped that we will again be privileged to have him open a meeting of Council with prayer. Thank you, Reverend Fey.

And on motion of Mr. Dinan,

Council adjourned.

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. Paul A. Holzer, Assistant Pastor, St. Agnes Roman Catholic Church, who will deliver the invocation.

Rev. Paul A. Holzer, Assistant Pastor, St. Agnes Roman Catholic Church, offered the following prayer.

O Heavenly Father, the supreme sanction of all authority, help us to realize that a spirit of charity must underlie our plans both for the present and for the future. It alone can bring about that union of hearts and minds which is so essential. It alone binds men together. It alone unites all in harmonious striving for the common good. In the con-

sciousness that all men are members of a single family and children of the same Heavenly Father, there is strength, inspiration, courage for both the strong and the weak.

Send forth Thy blessing on the members of this Council who gather to dispense Thy authority entrusted to them. With a courage born of a fine history of accomplishment, with a faith in Your providence, and with a neighborly love for their fellow-man, let them face their problems; and let them adopt policies which will not only revivify their political lives, but safeguard the future of thousands of their fellow citizens.

#### MOTIONS AND RESOLUTIONS

Mrs. D'Ascenzo:

Mr. President and Members of Council, I would like, at this time, to say a word or two about the Flower Show at Phipps Conservatory.

It has been said that the reason for the existence of cities is, that it should be the center of culture. Cities will

never be destroyed as long as we possess that characteristic.

In line with that thought, the Flower Show is coming to close at Phipps Conservatory on April 20, 1958. It has proved to be the most successful show that the City has ever had. In terms of beauty, it is probably the most beautiful show we have ever had.

The reason for that is, first, we should all recognize the services performed by the employees in the Department of Land and Buildings in conjunction with those of the Conservation Committee of the Allegheny Conference on Community Development. These people, co-operating with those of the Department of Parks and Recreation, have made the Flower Show the beautiful thing it is. Also, recognition should be given certain individuals who contributed their talents and efforts to make this show the success it is. Such tribute should be paid Frank Curto, one of the finest horticulturists in the State. Also, in the Department of Parks and Recreation, is another employee, who contributed much to make this Flower Show a success. He is Emmett Richards, who made the designs, and helped make it a thing of beauty. All of them, working together, have made it the success that it is.

Up to this time, the attendance has broken every record. By the time it closes on April 20, we will see even more attending. If you had been there, you would have seen the people lined up four deep.

We are happy, the members of Council, the Mayor and all the people who made this possible. We can say of our Flower Show that it is a thing of beauty that will live forever.

Mr. Fagan:

Mr. President, Father Holzer and Members of Council, the Chairman of the Finance Committee, Mr. Dinan, as we all know, is in the hospital. I am happy Father Holzer had time to remain with us during this session. I think it would be appropriate to have him say a prayer for the speedy recovery of Mr. Dinan. I know that if Mr. Dinan was present and

one of us was sick, he would be the first one on his feet to request the minister of the day to say a prayer for the speedy recovery of that sick member.

I think a prayer by Father Holzer would do Mr. Dinan and all of us a lot of good. Father Holzer, as has been announced by the President of Council, is now Assistant Pastor at St. Agnes' R. C. Church in Oakland. Father Holzer in his seminarian days was employed in the Department of Parks and Recreation, and today he is representing his alma mater. The President of Council was the man who was influential in Father Holzer obtaining his position with the City. He is a friend of ours; so is his family.

I am certainly glad to see him here today. He was at one time Assistant Pastor of Resurrection Church in Brookline, of which I am a member. We will never forget him. It is certainly nice to have you here, Father.

REVEREND PAUL A. HOLZER:

Mr. President and Members of Council, I would like to offer up this prayer for the speedy recovery of Charles F. Dinan. In asking God's graces, let us remember in a special way all of the sick, especially the members of our families. Let us offer up an Our Father for the speedy recovery of Mr. Dinan's health.

Our Father, Who art in heaven, hallowed be Thy name: Thy Kingdom come: Thy will be done on earth as it is in heaven. Give us this day our daily bread: and forgive us our trespasses, as we forgive those who trespass against us. And lead us not into temptation. But deliver us from evil. Amen.

In the name of the Father, the Son and the Holy Ghost. Amen.

Mr. Jones moved

That the Minutes of Council of Monday, April 7, 1958, be approved.

Which motion prevailed.

And, on motion of Mr. Jones,  
Council adjourned.

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. Linwood G. Fauntleroy, Pastor, John Wesley A.M.E. Zion Church, Herron Avenue and Wylie Avenue, who will deliver the invocation.

Rev. Linwood G. Fauntleroy, Pastor, John Wesley A.M.E. Zion Church, Herron Avenue and Wylie Avenue, offered the following prayer:

Great and marvelous are Thy works, Almighty God. Before the mountains were brought forth wherever Thou hast formed the earth and the sea from everlasting to everlasting, Thou art God.

Thou are life and light and truth and love, and from Thee alone throughout the ages have these gifts come unto men. Help us to see into the meaning of the way by which we have been led and to discern with clearness the path that is set before us. Thou hast called generations in the beginning so we believe that Thou hast called us to do in Thy name and Thy strength a work for Thy Kingdom on earth; that the civic, social and religious services we render may be so affiliated with Thy divine nature that we may ultimately triumph over the evils and injustices that plague our society and nation.

Grant us wisdom, grant us knowledge and grant us love so that our services may not be given selfishly or to personal aggrandizement, but to Thine honor and glory. Help us to do justly, to love mercy and to walk humbly before Thee, O God, in the name of our Blessed Redeemer and Saviour, Christ Jesus. Amen.

The Chair:

Thank you, Rev. Fauntleroy, for your very inspiring prayer.

#### MOTIONS AND RESOLUTIONS

Mr. Fagan:

Mr. President, I am in receipt of a communication from Chester Bojkowski, President, The Civic Club of DePaul Institute, which I ask permission to have printed in full in the Minutes of today's meeting.

The letter is as follows:

DePaul Institute,  
Pittsburgh, Pa.,  
April 16, 1958.

Mr. Patrick Fagan  
City Council Chamber  
City-County Building  
Pittsburgh 22, Pennsylvania

Dear Mr. Fagan,

We want to tell you how much we appreciated and enjoyed our visit to the Council Meeting. More than anything else it taught us how important each individual in our great country is. Not only was the fact impressed

upon us that we were permitted to audit a meeting of our lawmakers—a privilege no one behind the Iron Curtain could ever hope for—but we were impressed, too, with the great courtesy each Council member showed us.

We thank you especially for making the visit possible. We enjoyed and learned much from Councilman Olbum's talk. We were grateful for the precious time Mayor Lawrence sacrificed for us. Would you please extend to the Mayor, to Mr. Gallagher and to each member of the Council our deepest gratitude.

Gratefully,

The Civics Club of De Paul  
Chester Bojkowski /S/  
President.

Mr. Jones moved

That the Minutes of Council of Monday, April 14, 1958, be approved.

Which motion prevailed.

Mr. Fagan:

Mr. President, William J. McCafferty, Chairman of the Western Pennsylvania Association of the Brotherhood of Railroad Trainmen, died in the Ohio Valley Hospital on Friday, April 18.

Mr. McCafferty was a freight conductor for the Pittsburgh and Lake Erie Railroad and had worked for the railroad for 37 years.

He was a member of Local 231 of the Brotherhood of Railroad Trainmen, Allegheny County Board of Assistance and Allegheny County Board of Health and Welfare.

He was a great friend of ours, and in Democratic campaigns gave of his time, effort and energy in behalf of the Democratic candidates.

Mr. President, I move that when we adjourn this Council meeting, we shall do so out of respect to the memory of the late William J. McCafferty.

Which motion prevailed by a rising vote and a moment of silence.

And on motion of Mr. Jones,

Council adjourned.

Members of Council and Ladies and Gentlemen, we are honored this afternoon by the presence of Rev. W. Ralph Kier, Pastor, Avalon United Presbyterian Church, who will deliver the invocation.

Rev. W. Ralph Kier, Pastor, Avalon United Presbyterian Church, offered the following prayer:

Almighty and eternal God; Thou who dost ever lead us by the light of Thy Truth, and the counsel of Thy Spirit; incline Thine ear to us as we call upon Thy name this day.

We come unto Thy presence with heavy hearts and sorrowful souls as we

mark the passing of one of our brethren in service. Wilt Thou, O Lord, in Thine mercy, speak unto the hearts of his loved ones, and grant to them the abiding peace of Thy eternal presence. And we beseech Thee, our Father, that Thou wilt hallow the memories of his service and fellowship which these, who labored together with him, have known.

Grant, we beseech Thee, O Lord, that we, assembled here in this hour, may be so strengthened by Thy Spirit, that we may serve our City, our community, in newness of life; to the honor and glory of Thy holy name, to whom we ascribe all glory and majesty, dominion and power, both now and forever; through Jesus Christ our Lord, Amen.

Mr. President, before the meeting today, Mr. J. E. Headley, who is Chairman of the Zoning Committee of the Greater Pittsburgh Board of Realtors spoke to me, stating he as chairman of the committee, on behalf of the Greater Pittsburgh Board of Realtors, wished to make some comments on the zoning ordinance. I explained to him that this is a legislative session and that his request could not be complied with. He submitted a letter to me, and for him, entirely on his behalf, I desire to read into the record the statement of the Greater Pittsburgh Board of Realtors, which would have been read by him if he were able to do so.

#### GREATER PITTSBURGH BOARD OF REALTORS

Penn Sheraton Hotel,  
Pittsburgh, May 8, 1958

To the Members of City Council  
of the City of Pittsburgh

Gentlemen:

I am appearing before your body as the official representative of the Greater Pittsburgh Board of Realtors.

Our Board wishes to go on record commending the work of the Planning Commission in the drafting of the ordinance that is before you for consideration. We realize that the existing ordinance, with its many amendments, has become an unworkable document and wholeheartedly approve their action in presenting for your consideration this up-to-date ordinance.

The Greater Pittsburgh Board of Realtors, however, would like to call to your attention certain provisions which, after much consideration, we feel will work a hardship on property owners and the future development within the City of Pittsburgh.

Our objections are as follows:

(1) While we wholeheartedly approve of the idea of establishing institutional districts, it is our opinion that within the Oakland area the institutional district should be confined to the properties presently occupied for such purposes until our great civic and educational institutions are in a position to clearly indicate the areas that will be required for their future growth. If the areas presently designated as an institutional district and not presently used for such purposes are continued under such classification it will work a hardship on property owners, in view of the fact that much of the area so designated may never be used for institutional purposes.

(2) We realize there is much to be said in favor of the thought of limiting the use of properties within a certain area to that purpose for which the entire area is zoned. However, it is the opinion of our Board that the provision of the existing ordinance which permits properties to be used for the purpose for which the area is zoned or any higher use is much preferred and we therefore recommend that the permitted uses be expanded to this extent.

(3) It is the opinion of our Board that the side yard requirements in resi-

dential areas should be reduced to the minimum contained in the existing ordinance. Our thought in this connection is that lot plans for most of the City are already on record and the increased side yard requirements proposed will work a hardship on developers.

(4) We asked all of our members to study the zoning maps and to furnish us with any inequities they found. Either the Planning Commission has done an outstanding job of drafting the maps or the members of our Board did a poor job of examining them and I, for one, am inclined to believe that the former is true and that the maps have been well drawn.

The result of our survey has brought to our attention only one case, and that is an area in the Seventh Ward fronting on the Pennsylvania Railroad between Summerlea Street and Tay Way, which the present map zones as R-4, and it is the opinion of our Board that this small area should be zoned M-3.

Again, the Greater Pittsburgh Board of Realtors want to compliment the Planning Commission on their fine job and, at the same time, request your body to give consideration to our suggestions.

Very truly yours,

GREATER PITTSBURGH  
BOARD OF REALTORS  
J. E. HEADLEY, Chairman  
Zoning Committee.

Mr. Fagan:

Mr. President, I think the communication should be received and filed. After ten years of struggling on the part of the City Planning Commission and the time that Council and everybody else has spent in connection with trying to produce both a map and plans and zoning, the City Planning Commission, the Director and also the staff and public officials like Dr. Watson and Messrs. Martin, Froehlich, Beed, Towns, Devlin and Willis are to be commended for the outstanding job they done.

If there is anyone that hasn't been heard, it is his own fault. We had nine sectional meetings in the City of Pittsburgh, and some in the Council Chamber. If they want to moan, as far as I am concerned, let them moan.

**Mr. Weir:**

I think there has been some misunderstanding. It may have been the way I read the letter. The letter, I take it, is highly complimentary.

**The Chair:**

If we incorporate it in the Minutes, it is going to be an added expense. After the ordinance is passed, they can appear before the Council.

**Mr. Fagan:**

Before I left the floor, I forgot to mention David Stahl, Assistant City Solicitor, who did much in the preparation of this zoning ordinance.

**Mr. Jones:**

Mr. President, I believe Mr. Fagan's motion "to be received and filed and a copy of it be forwarded to the City Planning Commission," would be appropriate. I would not want it to go out that we are not open for suggestions. We are not maintaining that it is letter-perfect or perfect in every detail. I rather enjoy thinking that the Board was trying to compliment us. Mr. Fagan has been profuse in giving recognition to everyone that helped us with this ordinance. I want to, as Chairman of the Committee who was responsible for trying to expedite it through Council, pay homage to members of this body who gave their time at night, going out into the various districts. I thought it was public service above and beyond the call of duty. We have not done it before. As I think of it, I think Mr. Dinan, who knows but what he did so under extreme hardship. He was there every night and worked diligently. I want to reiterate again. I think Council, too, can take a bow because we have met our deadline. We have put into progress, into motion the people that want to get started on building and eliminated the indecision surrounding the passing of this ordinance. I hope it will spark the contractors locally and eliminate some of the unemployment.

Thank you, Mr. President and members of Council, for your help. You should all take a bow, and take a little of this credit yourself. Especially you, Mr. President, who was out in all kinds of weather—so that the public could understand what we were trying to do.

**Mr. Fagan:**

Mr. President, in connection with what Mr. Jones said, it was stated in the public meetings, not once, twice or thrice, it wasn't a perfect document. There is no perfect man or institution. It is like the Constitution of the United States; it is subject to amendment. There is room for the realtors or anybody else that wants to come in here and discuss it with Council at any time they want to, or with the City Planning Commission.

**Mr. Jones:**

Mr. President, I will second the motion if Mr. Fagan will permit me to suggest that the communication be forwarded to the City Planning Commission.

This was agreed to, and a copy of the communication from J. E. Headley, Chairman, Zoning Committee, Greater Pittsburgh Board of Realtors, was forwarded to the City Planning Commission.

"He was a real personal friend and one of God's noblemen. He was an unusual outstanding public servant, who believed and practiced that a public office is a public trust; and he gave of his time, energy, ability, intellect and labor to serve the best interests of all the citi-zens of this great city of ours.

The Chair:

Members of Council and Ladies and Gentlemen, we are honored this afternoon by the presence of Rev. Thomas Dolinay, Pastor, St. Pius the Tenth Byzantine Church, who will deliver the invocation.

Rev. Thomas Dolinay, Pastor, St. Pius the Tenth Byzantine Church, offered the following prayer:

O God, the Creator of all things and the Giver and the Sustainer of life, Who has made man to Thy image and likeness so that man might come to know, love and serve Thee, His Lord and Master, in this life, and enjoy eternal happiness in the next, grant Thy abundant blessings to the members of this Coun-

cil. May Thy light guide them in conducting the complex affairs of this City, that Thy Eternal Justice may prevail.

May Thy Grace fill them with a fortitude which will cause them to disregard mere human respect and self interest in their decisions, strengthening their minds and wills in a course of action which will be just and promote the common good of those residing within the jurisdictional bounds of this City.

May their authority to rule, which they have received from You, the Supreme Lawgiver and Final Judge of all mankind, be wisely used for Thy greater honor and glory and for the greater temporal and spiritual advancement of all concerned, so that both they and we might all have a greater share in the goodness which You have provided man on this earth, and some day a greater share in the goodness of heaven which you have prepared for those who love and serve You.

Grant, O Lord, to Thy departed servant, Charles Dinan, for many years a member of this august Council, Eternal Rest. May Thy Perpetual Light shine upon him.

Make provision, O God, that the new member of this Council may be possessed of a high-mindedness and sense of civic obligation which would aid him in dispensing the duties of this high office in accordance with Thy will. Amen.

The Chair:

Thank you Father Dolinay for your very inspiring prayer.

#### MOTIONS AND RESOLUTIONS

Mr. Fagan:

Mr. President, on Thursday, May 8, you appointed a committee of three, consisting of Messrs Olbum, Rodgers and myself, to draft suitable resolutions on the death of our colleague and friend, Charles F. Dinan.

Your committee has drafted this resolution, and on behalf of the committee, I wish to present it at this time.

Mr. Fagan presented

No. 814. Charles F. Dinan, 63, who passed away May 4, was born in the Lawrenceville section of the City of Pittsburgh. After graduating from high school, he was employed as a salesman for many years, later working for the

County of Allegheny in various capacities for about 16 years, the last four of which he served as the elected Treasurer of Allegheny County, before becoming a member of the Council.

He was a veteran of World War I and was a member of various military organizations. He was also active in civic affairs as well as many charitable and religious organizations.

As chairman of the Committee on Finance of Council, Mr. Dinan was a staunch defender of the City's credit, and his counsel was sought by people in and out of public service on financial problems. He was a prodigious worker and devoted to the good of the community.

Though a man of strong convictions, he was always sympathetic toward others. He made many friends during his tenure in public office, and those associated with him never ceased to respect his character. He laid down hard rules for his own conduct as a public servant and required those under him to follow the same rigid standards.

Mr. Dinan was married and the father of a daughter. Pittsburgh has benefited by his life and contributions to the community's welfare. His death was a grievous loss not only to his family and many friends, but to this city which he loved and served faithfully.

Therefore, the Mayor and Council express their deep sorrow upon his passing, and move that this resolution be spread upon the record of the Council, and that an engrossed copy be forwarded to the bereaved family.

Which was read.

Mr. Fagan moved

The adoption of the resolution.

Which motion prevailed by a rising vote.

The Chair:

The members of Council, together with the Mayor, will now proceed to elect a member of Council to fill the vacancy caused by the death of Charles F. Dinan.

The Mayor, under the law, is entitled to a vote in an election to fill a vacancy in Council.

I appoint Messrs. Fagan and Olbum to escort the Mayor to the Council Chamber.

And the Committee having returned with Mayor David L. Lawrence, the Chair invited the Mayor of the City of Pittsburgh to a seat on the rostrum.

**The Chair:**

The Committee is discharged with the thanks of Council.

The Clerk will call the roll.

**Present:—**

Mrs. D'Ascenzo	Mr. Rodgers
Mr. Fagan	Mr. Weir,
Mr. Jones	Mr. Gallagher
Mr. Olbum	(Pres't)

Mayor David L. Lawrence

**Absent:—**

Mr. Counahan.

**The Chair:**

The order of business before the body now is the election of a member of Council to fill the vacancy caused by the death of Charles F. Dinan.

Nominations are in order.

**Mr. Weir:**

Mr. President, in one month more I will have had the pleasure of serving with you in Council for eleven years. In a certain sense, that has been a long time. They have been strenuous years. I think you will agree they have passed very rapidly. That is due, I believe in a large measure, to the fact that they have been stimulating years; they have been busy years; they have been dramatic and inspiring years. By general acclaim, they are probably the most important years from a standpoint of City Government in the entire long history of the City of Pittsburgh.

Mayor Lawrence, who honors us with his presence here today, has, of course, contributed in a most magnificent fashion to what is called the Pittsburgh Renaissance both in his capacity as Executive head of the government and Chairman of the Urban Redevelopment Authority and in other roles. However, in this body over the years there have been many men who have contributed in a very worthy fashion to the advancement of this program, some of whom unhappily are no longer with us

—having been snatched away in their prime by the cold hand of death—as was our beloved colleague Mr. Charles F. Dinan. Others, more happily, have gone on to the courts and elsewhere and are with us here today for this ceremony.

There has been, I think, a rather unusual turnover in this body in those eleven years. It is a great feeling to me that I can say with absolute sincerity that all the men and women that you and the Mayor and I have voted on to fill vacancies in this Council, I have never had the slightest regret over the casting of one of those votes. We have elected a lot of different types of people, which is a good thing, but each and every man and woman has in his or her own way made a worthy and significant contribution to the welfare of this City and great program in which this City is involved.

Now, we come once more to the election of a Councilman. There have been a number of names mentioned. Each one that I heard was a most worthy candidate. But, when it was suggested to me that we should elect Charles D. McCarthy, I spontaneously said "that's perfect" because with all due respect to every one else, I cannot think of any more perfect candidate at this time for Council. You know that is due, no doubt, to some extent that I feel in him a warm personality and an admirable character; a combination of characteristics which in the vernacular is sometimes referred to as just a "swell guy," and he is that. That is important, too, when you have to get along with other people in the legislative body. But, more important than that, by far, is the training and the education of Mr. McCarthy for this kind of work. When I first knew him he was Chief Accountant in the Public Works Department. At the same time he was struggling to complete his education, which he did complete in Business Administration and a degree in Law. Since that time he has been Assistant City Solicitor, Budget Controller of this Council, Director of Supplies of the City of Pittsburgh, sometimes Deputy Mayor of the City of Pittsburgh and perhaps most important of all, he has now, since its inception, been a member of the Management Advisory Committee which does such important work in the City Government.

Charles D. McCarthy has another important attribute which should not be overlooked. He knows practical politics. He is that rare combination of individual that is so important in government today, who is in one sense a practical politician and in another sense equally a career public servant. Some career public servants manage to acquire political acumen after they get into office. I think, however, it works better, and a man becomes a better rounded personality when it is in the reverse, as it was in Charles D. McCarthy's case.

Mr. McCarthy now lives in the 19th Ward with his lovely wife and children, who are honoring us with their presence. But he was born in that great workshop of practical politics in the 9th Ward, City of Pittsburgh, so if you elect him here today, as I hope you will, you will have in this Council, so far as ability is concerned, a man who has tremendous experience and judgment of government. You will observe a great deal of it is slanted towards the financial aspect of government. All of our problems are entwined with our financial problems. In a sense you might say there is only one problem, the financial one. I have heard the Mayor say that so far as the City Government is concerned, we do not have any problems money won't cure. So, money and finances are our biggest problems. Mr. McCarthy will come to this Council extremely well equipped to deal with this problem. Therefore, it gives me profound pleasure to place in nomination to the vacancy caused by the untimely death of Charles F. Dinan the name of Charles D. McCarthy.

**Mayor Lawrence:**

Mr. President, my pleasure in rising to second the nomination of Charles D. McCarthy as a City Councilman is tempered by the sadness, heavy in all our hearts, over the loss of Councilman Charles F. Dinan.

Few men have been part of Pittsburgh's city government who have contributed more to its efficient functioning, who concerned themselves more with the scope of its operations, or who worked more diligently and effectively for community improvement than did Councilman Dinan.

He was thoroughly experienced in government, particularly in municipal fi-

nances, and he made that experience felt in every phase of Pittsburgh's life. His interest in his city and his dedication to honest, responsive government have left an impact which will benefit all citizens for many years to come.

Highly principled in his ideals, determined in his purpose, intensely devoted to the community he loved, he set a standard of public service and a pattern of public responsibility which will be difficult for another person to fulfill.

Pittsburgh is fortunate, however, that a man with similar wide experience in government, with the same love for his city, and with the same concept of public duty is available to take the seat in this Council which has been vacated by Councilman Dinan.

Although still a relatively young man, Charles D. McCarthy has a long and exemplary record of municipal service, in which he has employed his talents and his training as a lawyer, as an accountant, and as an outstanding public administrator.

From the start of his City service as a secretary in the Mayor's Office, through his performance as chief accountant in the Department of Public Works, as an assistant city solicitor, as budget controller, as executive secretary to the Mayor, and as Director of Supplies, he has gained a knowledge of municipal operations which is remarkably broad. I doubt if any man, other than the late William A. Magee, ever came to City Council with a more experienced background in the city's government. No where will this background and this knowledge be of more importance than in the field of municipal finance, in which Councilman Dinan was especially expert.

To replace Chick Dinan in City Council is a difficult task, indeed. I know of no man better qualified to succeed him and better equipped to carry on his work than Charles D. McCarthy, whose nomination I am proud and happy to second this afternoon.

**The Chair:**

Are there any further nominations?

Mr. McCarthy:

Rev. Clergy, Honorable Mayor, Members of Council, other City and County Officials and Friends:

I wish to thank the Mayor and Members of Council for the confidence they have shown in me, by selecting me a

Member of the Council of the City of Pittsburgh.

I appear before you today with a mixed feeling of joy and sadness. Joy because of this appointment, and sadness because of the circumstances which has brought it about.

I knew the late councilman Charles Dinan very well. He was a good friend. I knew him not only as a councilman, but as one of the leaders of the Democratic Party, and I served with him as a member of the Mayor's Advisory Committee. No one served with more devotion to duty, with more untiring effort, and with less selfishness than Charles Dinan.

I shall miss him, and I know I speak for all who knew him when I say that he will never be forgotten by his colleagues on the Mayor's Committee, his associates in the Democratic Party, and his many friends throughout the county.

It is an honor to be chosen a member of this Council to succeed the late Councilman Dinan. I consider it a special honor to become a councilman at this particular time when there is so much activity, so much progress, and such civic advancement taking place in Pittsburgh under the forceful leadership of the indefatigable Mayor Lawrence.

I feel that the experience I have gained in the various position held in the City Government during the past 20 years will help me as a Councilman, and I assure you—all of you good people here—all of the citizens of Pittsburgh, that I shall do my utmost to serve you well as a Councilman in this great city of ours.

The Chair:

Reverend Clergy, Members of Council, Mayor Lawrence, Councilman - elect, Charles D. McCarthy, Ladies and Gentlemen:

As the presiding officer of Council, I deem it a pleasure and a privilege to welcome the newly-elected member of Council, Charles D. McCarthy.

All of us have known him for many years, he having served in various capacities in the government of the City of Pittsburgh.

In all these positions he served the City well.

Mr. McCarthy possesses the requisite qualifications to capably fit him to carry on the duties of a councilman.

Permit me, as your Presiding officer, to offer my congratulations to you and wish you a long tenure in office.

I am sure that the electorate of Pittsburgh will put their stamp of approval upon our action today when you seek a full term to this office.

Likewise, a raw river water sample was taken at the Brady Street Bridge on March 21, 1958, and analysis was made of same. Nothing abnormal showed up at that time.

The Department of Water will continue to make tests of raw river water as well as mineral analyses of South Pittsburgh Water from time to time and will apprise you of any unusual condition of the water.

Which was read.

Mr. McCarthy moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Fagan:

Mr. President, File No. 431, Bill No. 831—I move that this bill be tabled. Mr. President, in the absence of a second to my motion in reading over the bill, I find the ordinance authorizes the issuance of \$17,500.00 to the Public Auditorium Authority of Pittsburgh and Allegheny County. It does not say it is for the Civic Light Opera any place in the bill.

In Section 2 it says "The grant made by this Ordinance shall not be considered as a capital contribution under the Agreement entered into between the City of Pittsburgh and the Public Auditorium Authority of Pittsburgh and Allegheny County, pursuant to Ordinance No. 151, approved April 2, 1958."

I want to make my position very clear. I am not opposed to the erection of the auditorium, but I cannot see, for the life of me, why we should appropriate money for the Civic Light Opera. It is no part of the auditorium. In Ordinance No. 151, File 528, it is very voluminous. I have read it. I find no place in the bill that it mentions the Civic Light Opera.

"Whereas, the public auditorium will be one of the major projects in the Lower Hill redevelopment program, Redevelopment Area No. 3; and"—

I do find a little satisfaction on Page 3.

"Whereas, the Incorporating Municipalities have determined that a public auditorium is necessary to benefit the people of the Incorporating Municipalities and of the Commonwealth by, among other things, increasing their commerce and prosperity and promoting their educational, cultural, physical, civic, social and moral welfare; and"

I am glad that the words social and moral welfare are incorporated in the bill. Of course, I have not been able to get a second to my motion. When the roll is called, I will vote in the negative on Bill No. 831.

Mr. Olbum:

Mr. President, I do not want to engage in any extended controversy with my col-

league Mr. Fagan. Mr. Fagan is not of the lawyer body. In past numerous occasions he has referred to the fact that we take our law from the body known as the Law Department. This ordinance was drafted by the Law Department and in the opinion of the Law Department is a perfectly valid ordinance in which the City takes to assist the Auditorium Authority in defraying its costs and maintenances.

Mr. Fagan is aware that the money will be spent, with a like contribution from the County of Allegheny, for the construction of a stage, which of course, is a vital necessity of the Authority. The stage, I need hardly remind any of you, will be used for other performances in addition to the Civic Light Opera projects. One will be coming up on June 8, which is the Festival of Music. In view of the legality of the ordinance, despite the fact that Mr. Fagan has referred to the ordinance of April 2, 1958, I feel that we are making a perfectly valid contribution to the Auditorium Authority among whose projects will be the coming season of the Civic Light Opera Association.

I might add parenthetically that I believe the statement of principles included in one of the "whereas" clauses, which has been quoted by Mr. Fagan, has been satisfactorily abided by by the Auditorium Authority and by the project which will be operated under the aegis of the Auditorium Authority. In my humble opinion, the Civic Light Opera season in the past number of years has contributed to the educational, cultural, physical and civic welfare of the people of the City of Pittsburgh. I, therefore, shall vote for the ordinance.

Mr. Fagan:

In reply to my illustrious colleague—In all of the verbiage in the ordinance, there is no where it says anything about the Civic Light Opera. It talks about the Authority, but it doesn't talk about the Civic Light Opera or anything like that. Of course, the culture that they get at some of these Civic Light Operas, be it of the higher brand or the lower brand, it affects the emotions and passions of the people. That is my reason for being against the appropriation.

Mr. Olbum:

Mr. President: I neglected to mention

that this grant is made payable to the Public Auditorium Authority because we cannot make a valid grant to the Civic Light Opera Association. The Public Auditorium Authority this year, as all of us know, is operating under lease with the University of Pittsburgh. The University of Pittsburgh stadium is where the operettas will be held. It is necessary that any contribution or subvention be made to the Auditorium Authority. Again I say this ordinance was drafted by the City Law Department, and it is not necessary to mention in the ordinance the purpose for which this money will be used.

In reference to the type of entertainment to be given under the aegis of the Civic Light Opera Association, I think I have an obligation to say I have unbounded confidence in the good judgment and general taste of both the members of the Public Auditorium Authority and the management of the Civic Light Opera Association. I am willing to be guided by them.

Mr. Weir:

Mr. President, I do not think I want to get into the discussion of moral values involved, but the possible implications that the ordinance before us is a subterfuge bothers me a little. I do not so regard it.

When we appropriate money for the paving of a street, we do not make the slightest reference of the people that will drive or walk on it. When we help to erect a stage, I do not think it is the least bit unusual that we should not designate what plays will be on the stage.

I am defending the draftsmanship of this ordinance in saying to my friend that no subterfuge is employed. This is a perfectly normal way to legislate.

Mr. Fagan:

When people become immoral on the street in things that are obscene, we have laws for arresting them, absolutely.

Mr. Olbum:

We still have obscenity statutes. They are subject to prosecution.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

Mr. Counahan	Mr. Rodgers
Mrs. D'Ascenzo	Mr. Weir
Mr. Jones	Mr. Gallagher

The Chair:

Members of Council, Ladies and Gentlemen, we are honored this afternoon by the presence of Rev. William A. Nicholson, Pastor, of the McClure Avenue Presbyterian Church, who will deliver the invocation.

Rev. William A. Nicholson, Pastor of the McClure Avenue Presbyterian Church, offered the following prayer:

Our Heavenly Father, at the beginning of another week we come to Thee for help and light. Let Thy Spirit rule our hearts in righteousness and love. Through us build the old wastes, and repair the desolations of other generations, that the wilderness may rejoice, and the city be glad with Thy law.

Forgive those sins which so easily beset us; Our wanton waste of the wealth of soil and sea; our desecration of natural beauty; Our heedlessness of those who come after us; Our love of money; Our neglect of backward peoples and places; Our contempt for those who are not of our race or color, class or creed.

Be pleased to bless and prosper all who love and serve their fellow men, remembering the poor, healing the sick, teaching the ignorant, comforting the sorrowful, lifting up the afflicted and the fallen, preserving law and order and making peace among men.

Take under Thy governance and protection Thy servants here assembled and all who have been entrusted with authority; so defending them from all evil and enriching them with all good that our city may prosper in freedom beneath an equal law, and all our works may magnify Thy name throughout the whole earth. Amen.

The Chair:

Thank you Reverend Nicholson for your very inspiring prayer.

#### ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, June 9, 1958.

Council met.

Present:—Messrs.

Counahan	Oibum
Fagan	Rodgers,
Jones	Weir
McCarthy	Gallagher (Pres't)

Absent: Mrs. D'Ascenzo.

The Chair:

Members of Council, we are honored this afternoon by the presence of Reverend James C. Biller, Assistant Pastor, St. James Roman Catholic Church, Sewickley, Pa., who will deliver the invocation.

Reverend James C. Biller, Assistant Pastor, St. James Roman Catholic Church, Sewickley, Pa., offered the following prayer:

Most Holy God who has brought us to this day, defend us in the same by Thy Mighty power; vouchsafe to enter our hearts; teach us what we are to do and wither we ought to tend; show us what we must accomplish, in order that, with Thy help, we may be able to please Thee in all things.

Suffer us not to disturb the order of justice, Thou who loves equity above all things; let not ignorance draw us into devious paths, nor partiality sway our minds, neither let respect of riches or persons pervert our judgment; but unite us to Thee effectually by the gift of Thy grace, that we may be one in Thee and may never forsake the truth.

Grant that all the thoughts of our minds, all the words of our tongues, all the affections of our hearts, and all our actions may be always conformed to Thy most holy Will; to the end that in the life to come we may attain to everlasting rewards for deeds well done. Amen.

The Chair:

Thank you Father Biller for your very inspiring prayer.

Mr. Fagan presented

No. 1049. Report of the Committee on Lands, Buildings and Housing for June 17, 1958, transmitting an ordinance and sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 907. An Ordinance entitled, "An Ordinance authorizing an agreement with The Pennsylvania Railroad Company and The Philadelphia, Baltimore and Washington Railroad Company providing for the railroad's

dedication to the City of Pittsburgh of land in the 17th, 18th and 19th Wards of the City of Pittsburgh, and fixing the terms of said dedication."

Which was read.

Mr. Fagan moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Fagan:

Mr. President and Members of Council, on Bill No. 907, File 510, I wish to give my reasons for voting No on this ordinance.

In the deed of dedication from the Pennsylvania Railroad Company to the City of Pittsburgh of certain land in the 17th, 18th and 19th Wards there are certain reservations and conditions.

It sets forth in the dedication the reservations and restrictions under which the deed of dedication is to be given to the City.

In my opinion, I do not think the City should accept this land until the deed has been given to the City.

In most deeds and policies and other legal documents, there is a lot of fine print, and before this ordinance is adopted, I think the Law Department should carefully scrutinize the deed of dedication in order to protect the City from any future claims for damages.

The ordinance citing the deed of dedication provides—"reserving, however, unto the Railroad, its successors and assigns, the perpetual right and privilege to enter upon the said land to be dedicated at any time with or without notice to the City to inspect same and to remove therefrom any rocks, materials or structure as it deems necessary for the protection of its tracks and right of way in the vicinity of said land." It provides further, that the Railroad Company shall have "a perpetual easement twenty feet in width for a pole line carrying signal, communication and power wires." It further provides that "the railroad shall not grant to the City, either expressly or by implication, any right or means of ingress, egress or passageway to or from the said parcels or any of them and the City agrees to ac-

quire a means of access to and from each of the said parcels at its own cost and expense." You will remember I brought up the question in committee as to the interpretation of the words "ingress" and "egress," and my learned friend in Council—Attorney Olbum, raised that question also. I may not understand all this legal language. But in my opinion, it looks as though the City will have to post notices around this property saying "no trespassing."

Of course there are other provisos in the bill which are not clear to me. It further states in the ordinance that "the railroad further agrees that prior to the dedication of the said properties it will terminate all agreements relating to signboards on the said properties and also the agreement with the Pittsburgh Outdoor Advertising Company covering the sign on land leased to the said Company on the northerly side of Sycamore Street as shown in red on Exhibit 'A.'" They have exhibits in red and yellow colors and all kinds of exhibits here. Sign Companies have contracts with the Railroad Company. One contract runs to 1960 and the other runs to 1961. What is the City going to do about these signs? Is the City going to eliminate them? I always thought a contract was a sacred document. The Council should learn from the Law Department what the City's rights will be with respect to these signs. I discussed this matter with Mr. Crannan of the Sign and Pictorial Artists Union as to the termination of these contracts, and he informed me that he would talk to the other members of Council about it. Has he contacted any other members? If not, I would suggest that action be withheld on this ordinance until Mr. Crannan has had an opportunity to confer with Council on the matter of the elimination of the billboards mentioned in the ordinance.

For the reasons stated, I am going to vote NO on the ordinance.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Mr. Jones	Mr. Gallagher (Pres't)

Absent:—

Mr. Olbum

The Chair:

Members of Council, we had arrangements made to have Reverend James A. Cox, Pastor of the Calvary Baptist Church, give the invocation. For some reason, Reverend Cox is not here; but we do have a Deacon that works in our office, and I would suggest that we call on Mr. Franklin J. Hicks, Jr., to give the invocation.

Mr. Franklin J. Hicks, Jr., offered the following prayer:

If you will, please, we will have a moment of silent prayer. Each in his own words, each in his own way, for a world united in peace. Let us bow our heads and pray. Amen.

The Chair:

Thank you Mr. Hicks for your very inspiring prayer.

DEPARTMENT OF LAW

Pittsburgh, July 18, 1958

Honorable President and Members  
CITY COUNCIL  
CITY OF PITTSBURGH

In re: Operation of Parking Meters

Gentlemen:

In your communication of July 16, 1958, this Department was requested to

render a report as to whether the operation of parking meters, including maintenance, repair and collection, may be turned over to the Public Parking Authority of Pittsburgh.

The installation of parking meters has been held to be an exercise of the municipal police power in the regulation of traffic. *Laubach v. City of Easton*, 347 Pa. 542 (1943). Since only municipalities, such as the City of Pittsburgh, may exercise police power functions, and since authorities do not generally have traditional police powers, it is our opinion that the City may not relinquish complete control over parking meters to the Public Parking Authority. The determination as to where parking meters should be located, the adoption and enforcement of legislation penalizing violation of parking meter rules, and other features of meter regulation, are clearly powers which only the City may exercise.

Very truly yours,

J. Frank McKenna, Jr.  
CITY SOLICITOR

DEPARTMENT OF PUBLIC SAFETY

July 18, 1958.

Chairman and Members,  
Committee on Finance  
CITY COUNCIL.

In re—Bills Nos. 1113 and 1114:

Gentlemen:

With reference to the above communication of the Committee on Finance of July 15, 1958, concerning costs of installation and maintenance of parking meters in the City of Pittsburgh annually, I wish to report as follows:

1. Purchase and installation of new meters varies, depending upon the bids received. The entire cost of this work is paid for out of parking meter revenues under terms of the City's present and proposed agreement with the Public Parking Authority.

2. Maintenance costs, which I interpret to include enforcement, repairs and collection, are more difficult to ascertain. However, last year when the City entered into an agree-

ment with the Public Parking Authority of Pittsburgh for enforcement and maintenance of the Authority's meters in its East Liberty lot, it was determined after study of the City's costs and comparison with rates paid in other municipalities that \$12.00 a year was a fair and equitable compensation to the City for these services. This was embodied in the City's agreement with the Authority which was approved by your honorable body. I am advised by the City Treasurer that personnel costs for field collections for the City's parking meters currently in operation amount to approximately \$3.80 per meter per year.

Totaled, this would amount to something more than \$15.00 per meter per year. I should point out that in other municipalities within Pennsylvania, and in other sections of the country for which we have comparable data, the amount charged for these services varies from \$10.00 to \$15.00 per meter per year. In some instances, no charge is made to the public parking agency for these services.

It was in view of the foregoing that representatives of the Department of Public Safety, in consultation with the City Law Department and the Public Parking Authority of Pittsburgh, concluded that a charge of \$15.00 per meter per year for the services performed by the City was both fair and equitable to all concerned.

Respectfully yours,  
Louis Rosenberg  
Director.

Which was read, received and filed.

Mr. McCarthy moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Fagan:

Mr. President and Members of Council, I raised some points at the Committee Meeting on Tuesday, in reference to the installation and servicing of parking meters by the City that are referred to in the two bills before us today (Bill No. 1113 and 1114).

I think two members of Council were here when the Authority was created. Mr. Gallagher was one. I also think Mr.

Weir was a Councilman at that time (1947). On July 11, 1947, an ordinance was passed creating a Public Parking Authority. I read through all the ordinances passed since that time: 1949, Ordinance 289, page 154; 1950, Ordinance 418, page 280; 1951, Ordinance 217, page 140; 1952, Ordinance 105, page 68, also Ordinance 329, page 206; 1955, Ordinance 19, page 16.

In perusing those records I discovered that when the Parking Authority was established the first loan was \$75,000.00. Later we loaned them \$150,000.00. As a result of turning the meters over to the Parking Authority they now, according to the ordinance, owe the City of Pittsburgh \$1,400,000.00 which is almost equivalent to two mills. What I am interested in is the erection and the maintenance. I know the Police power of the City of Pittsburgh. The police certainly have to see that the people comply with the law, but that is not the matter I am interested in. After all, when this legislation was passed, it was passed with the understanding that the money loaned to the Authority would be returned to the City. Now, we find we are not going to get that money. There is really no hurry for it because it is going to take forty years before the bonds are paid off. Of course, after they are paid off the parking garages are given to the City of Pittsburgh. Well, forty years from now, I don't hope to be around when they are burning the mortgage. I listened to the reports from the Law Department and the Department of Public Safety. If the City is going to turn this over to the Authority, let them turn it all over to them, the erection and repair of the meters, that is the important part.

What I would like to know is what the costs are, how many people are employed, what the salaries are, etc. We have a Civic Light Opera on the blink. The one that manages it gets \$25,000 a year. Those are some of the things that are wrong. For that reason I cannot see my way clear to support this sort of legislation.

Mr. McCarthy:

Mr. President, I think I am right. If I am wrong I would like to be corrected. It is my understanding that the million and a half approximated, that has already been turned over to the Parking Authority is turned over to it pursuant to an agreement. That agreement was

entered into in order to support the sale of bonds for these parking garages. That money cannot be returned to the City of Pittsburgh. That pledge is there and must remain for the period of the bonds. So that by entering into this new agreement, we are actually not losing any cash because the money cannot be used by the City of Pittsburgh. It must be turned over to the Parking Authority. Under this new agreement we are going to get \$50,000.00 a year to help defray the expenses of the meters. Shortly after the bonds are redeemed, the buildings and everything belonging to the Authority become the property of the City of Pittsburgh. So this is a case where we could not ask them to pay it to us immediately. We cannot do it until the bonds expire which is approximately forty years from now.

For that reason I do not feel we are giving the Authority anything. In fact, we are getting something. In fact, we are getting \$50,000 a year from the Authority which we will be getting if we enter into this agreement.

One thing I did notice in this agreement has to do with the cost of maintaining these meters. The Authority pays for the meters out of the funds which are turned over to them.

I am going to move, at the proper time, to amend the ordinance by requiring the Parking Authority to pay \$16.00 instead of \$15.00 for the maintenance, repair and servicing of each meter per annum.

**Mr. Jones:**

My only question is, can we do that here without consulting the Authority?

**Mr. Weir:**

I am quite certain the Authority would have no objection to that.

I might add in relation to what Mr. McCarthy has already said—He has stated that this agreement will better the cash position of the City. Presently, the City is not even receiving any reimbursement for the policing and maintenance of the meters. Therefore, the City's position will be improved. As far as the future is concerned, you are dealing with an Authority which is wholly owned by the City. The financial dealings between the City and the Authority really make relatively little difference. It is just like a corporation with respect to one

of its wholly owned subsidiaries. It doesn't make much difference whether the corporation or the subsidiary has the money.

If it should occur that the Parking Authority would fulfill the public demand for parking facilities in business districts for which this grant is mainly designed long before we anticipate that will occur; if for some reason in our economy, like tremendous future inflation, it would incur that the Parking Authority would have far more money than needed to perform its tasks, there would be no problem in getting that money back because the City owns the Parking Authority. I cannot see that there is any question of principle involved.

**Mr. Fagan:**

Mr. President, I would like to ask Mr. Weir a question. Is there a third party involved in these parking garages?

**Mr. Weir:**

Each of the City's present parking garages is operated under separate agreements. Each of them is entirely different in many respects from the other. I am not sure what you mean.

**Mr. Fagan:**

Are the garages leased out?

**Mr. Weir:**

Yes, under different arrangements.

**Mr. Fagan:**

There is nothing in the Bill about them being leased to a third party. Is the City of Pittsburgh the real functionary? I would like to have all those things cleared up. I do not like to vote on something I do not know what I am voting for.

**Mr. Weir:**

I want to clear up any question you have. If I understand your question correctly, it is "do you have people who are lessees of the existing facilities" and the answer is, yes we do. They are not the same people and they are not all operating under the same type of arrangement.

**Mr. Fagan:**

Are they making a profit?

**Mr. Weir:**

I am sure they are.

Mr. Fagan:

Don't you think it is the Authority who should be making the profit?

Mr. Weir:

I think the Authority is doing quite well.

Mr. Fagan:

You were here when the first bill was passed in 1947. That legislation said it was a loan to be paid back with interest. The first loan was \$75,000.00 and the second was \$150,000.00. Most of the meters were erected by the City of Pittsburgh. The erection costs and the cost of purchasing the meters was paid for by the City of Pittsburgh.

Mr. Weir:

Those were the ones in existence before. Those erected afterwards were erected out of the funds from the meter account.

Mr. Fagan:

Some of them were condemned and I know the City of Pittsburgh paid the bill for them. That was back in the days before Mr. Gittens became head of the Traffic Planning Bureau.

Mr. Weir:

Whenever they are replaced, they are replaced with funds out of the meter account, out of the money that would otherwise go to the Parking Authority. There were some meters that were not covered by the Parking Authority agreement.

Mr. Fagan:

It was established that the City of Pittsburgh would be paid back the money invested in the Parking Authority. Is that right?

Mr. Weir:

As I said before, I think the City does, in practical effect, own all of the assets of the Parking Authority. The City can always control the actions of the Parking Authority. If they feel they are acting improperly, it is the City's power to change that.

Mr. Fagan:

Without profit?

Mr. Weir:

The City will own every parking facil-

ity when the bonds are paid off. It becomes the City's property then.

Mr. Fagan:

I am not against the Parking Authority. I made that plain. I want to know how the business is managed. There is no doubt about the overhead and all of the factors. It is not good business as far as I am concerned.

Mr. Weir:

The Parking Authority has very complete figures on its reports.

Mr. Fagan:

I never saw any reports.

Mr. Weir:

There is an annual report sent here every year of its entire financial operation. The law requires that.

Mr. Fagan:

Does the clerk have them?

Mr. Boxheimer:

I have no such report.

Mr. Rodgers:

Mr. President, I want to be recorded voting aye on these bills. This will enable the Parking Authority to render service on a wider basis, that is, to extend their operations in the smaller neighborhoods.

Mr. McCarthy moved

To amend the bill by striking out the figure \$50,000.00 wherever shown and inserting in lieu thereof the figure \$54,000.00.

Which motion prevailed.

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, the Director of the Department of Public Works, in letters dated July 29, 1958, addressed to the Mayor and the City Controller, has stated that because of the anticipated delivery of Load Packers for the use in collection of refuse the original appropriation request for garbage collection was reduced; and

Mr. President, regarding Bill No. 1219 which is the last bill on the agenda today. My inquiry is whether or not there is a proceeding pending now in Common Pleas Court. My only knowledge of it is from the newspaper report regarding the proposed sale of this piece of property by the City and the School District to the Catholic Institute of Pittsburgh.

Mr. Weir:

It wasn't clear to me either.

Mr. Olbum:

Here is Mr. Unger, I believe, who was in court. I don't know whether we should act on this until we get the facts. I would ask that permission be granted for him to speak.

The Chair:

If there are no objections, permission is granted.

Mr. Unger:

I am Mr. Morris Unger, 2751 Murray Avenue. I understood there were fifty acres of ground and the Catholic Institute was to get forty acres of it. I was to buy ten acres of this ground. They sent me out to look at it. I went out and looked it over and made a bid of \$15,000.00, but I want to withdraw my bid and clear this thing up and wipe it out.

Mr. Weir:

Are you the gentleman who came to court and offered a higher bid?

Mr. Unger:

Yes, but I didn't know the Catholic Institute was bidding.

Mr. Weir:

Although we are not directly involved, I am glad you came here and expressed yourself. Do you have an attorney on the matter?

Mr. Unger: No.

Mr. Weir:

Have you taken steps to withdraw your bid in court?

Mr. Unger:

Yes, I did. I went over to see Judge O'Brien. He said if I don't appear, that's the end of it.

Mr. Weir:

Did he tell you to come here?

Mr. Unger:

No. It was my idea.

Mr. Weir:

It is a good thing you came. Obviously some of the Councilmen were concerned about this matter.

Mr. Unger:

I just had to clear this up.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—

Mr. Jones	Mr. Weir (Pres't

No. 1066.

June 30, 1958

Councilman John F. Counahan  
Chairman, Committee on Filtration  
& Water  
City Council  
City of Pittsburgh

Dear Sir:

Attached is copy of compilation of analyses of samples of South Pittsburgh water taken at 408 Warrington Avenue and at the Monongahela River raw water source by the staff of our Pittsburgh Filtration Plant during the period May 20 to June 4, 1958, inclusive.

The Warrington Avenue samples do not show any change in the treatment as explained in my letter of May 21, and show no odor or phenol results.

The river sample does show an oily odor determination on several dates, as

indicated, and on May 26 a 0.10 ppm determination for phenol was noted; however, none was recorded after that.

As reported previously, the treated water samples show nothing of an unusual character, and the hardness, pH, alkalinity, CO2 readings reflect normal treatment.

Yours very truly,

John A. Murphy, Director

City Council  
City of Pittsburgh

Dear Sir:

Supplementing my previous reports of May 21st and June 30th, 1958, I am attaching copy of compilation of analyses of samples of South Pittsburgh Water taken at 408 Warrington Avenue and at the Monongahela River raw water source by the staff of our Pittsburgh Filtration Plant during the period June 10th to June 30th, 1958, inclusive.

No change in treatment is shown from previous samples.

You will note that samples of June 24th and June 30th show a phenol determination of small magnitude.

The river samples of June 16th, 24th and 30th, indicate a slight oily odor. This condition has been reported to the South Pittsburgh Water Company.

Yours very truly,

John A. Murphy, Director

And upon motion of Mr. Jones,

The Chair:

Members of Council, we are honored this afternoon by the presence of Reverend Ramsey Bridges, Minister of the Warren Methodist Church, 2604-6 Centre Avenue, Pittsburgh 19, Pa., who will deliver the invocation.

Reverend Ramsey Bridges, Minister of the Warren Methodist Church, offered the following prayer:

We thank Thee, O God for the many thousands of people who have chosen to make the City of Pittsburgh their home. Father, our needs are many and varied. Wisely have we selected these servants of the people and charged them with the responsibility of meeting our needs. We bring these our friends before Thy

throne this day. Do Thou bless them both as individuals and as a group. We solicit for them a deep consciousness of the efficacy of prayer.

May they ever take prayer seriously. Show them that prayer is a man's greatest asset, even when he is striving simply to supply his own needs. Prayer gives strength for emergencies, pressures, tensions. Prayer turns difficulties into opportunities. Prayer builds up within a man that inner resilience which enables him to change, adjust and adapt to the shifting scenes of life—giving him power to distinguish between the primary and the secondary. Father, may they always take prayer seriously.

In their struggle against secularism, may they remain humble—depending solely upon Thee. Do not permit worldliness to so possess them that they become cocky, overbearing, unbearable. May they, through the power of humility, keep their strength under control. O Lord, keep these Thy servants humble. In the Spirit of Christ Jesus, our Elder Brother, we pray. Amen.

The Chair:

Thank you Reverend Bridges for your very inspiring prayer.

#### MOTIONS AND RESOLUTIONS

The Chair presented

No. 1432. Herman Peter Eberharter, age 66, passed on in Washington, D. C., on September 9, 1958.

Mr. Eberharter was born in Pittsburgh April 29, 1892, of a humble family. He attended grade and high schools in his native city, and graduated from Duquesne University's Law School in 1925. He was a member of the Bar Association of Allegheny County, and became a Member of the House of Representatives of the Commonwealth of Pennsylvania during the sessions of 1935 and 1937. Later he was elected to the House of Representatives of the Congress of the United States, and served in that capacity until the time of his death.

He was a high-ranking member of the House Ways and Means Committee, the tax-writing body, and supported all social legislation which he felt would benefit the citizens of this country. By his splendid achievements in Congress,

he made an enviable record, and was honored and respected by his colleagues.

The nation, his native state and city will miss his wise counsel, his devotion to public duty, his personal warmth and understanding of the problems he had to consider and act upon.

Therefore, the Mayor and the members of Council of the City of Pittsburgh hereby express to his family their deepest sympathy, and that this resolution be spread upon the minutes of this meeting and a copy thereof be forwarded to them.

Which was read.

Mr. Fagan moved

The adoption of the resolution.

Which motion prevailed by a rising vote.

Mr. Jones moved

That the Minutes of Council of Monday, September 8, and Tuesday, September 9, 1958, be approved.

Which motion prevailed.

Mr. Olbum:

Mr. President, yesterday, in our City, another outstanding public official was taken by death. All of us have known Judge A. Marshall Thompson for many years. All of us admired and respected him. He was a fine, decent human being, an outstanding jurist and one of the most lovable and beloved public officials in this community. Of course, we who attended the University of Pittsburgh Law School came to know him and to love him many years ago when he served as Dean of the Pitt Law School.

Allegheny County has lost not only a fine, decent man but a conscientious and able public servant. Therefore, when we adjourn today, let us do so out of respect to the memory of Judge A. Marshall Thompson. I further move that the Chair appoint a committee to draft an appropriate resolution of sympathy.

Which motion prevailed by a rising vote.

The Chair appointed as members of the committee to draw up a suitable resolution on the death of A. Marshall Thompson, Messrs. Olbum, Jones and McCarthy.

And Council adjourned.

COUNTY OF ALLEGHENY  
PLANNING COMMISSION

Pittsburgh 19, Pa.

September 29, 1958

Pittsburgh City Council  
City County Building  
Pittsburgh 19, Pa.

Gentlemen:

Reference is made to our letter of September 24, 1958, regarding a possible rezoning of property on the County's Brown Hill Road.

Since that time we have had the opportunity of reviewing a preliminary plot plan for the property in question as prepared by the Sun Oil Company dated August 27, 1958.

After examination of this plan it appears that we will be able to make our proposed improvement to Brown's Hill Road without substantially affecting the subject property. However, it is necessary for us to acquire a narrow triangular strip at the southern corner of the property amounting to approximately 285 square feet.

Although the area which we would need to acquire would be small in comparison with the entire property to be rezoned, we are concerned that the difference in value between the present property and the property after it is developed for a gasoline station would add somewhat to the County's cost of making the improvement.

Inasmuch as we expect to begin plan preparation within the next month or so, it might be in the public interest to postpone a decision on the zoning until after we have had the opportunity to acquire the needed right-of-way.

Respectfully,

John J. Matthews  
Executive Director

#### MOTIONS AND RESOLUTIONS

Mr. Fagan:

Mr. President and Members of Council, I am happy to welcome a neighbor of mine as the new Sergeant of Arms in the person of Paul Nolan, who has been on the police force for many years. I think he is an outstanding replacement for Mose Jacobs, who had been here since City Hall was dedicated. I hope Mose Jacobs will continue to live and prosper and enjoy himself. I hope Paul will have as long a tenure as Mose Jacobs. It is a pleasure to have a man of his experience and ability to serve as the Sergeant of Arms in Council. I certainly want to welcome him as the new Sergeant of Arms.

Mr. Olbum:

Mr. President, may I add a few words of welcome to Mr. Nolan? He is not a neighbor of mine, but I have known him for twenty years. Mr. Nolan and I worked together for the County. He was employed by the old Pittsburgh Registration Commission where he served with distinction for many, many years. More recently he became a member of the Bureau of Police. The County's loss has become the City's gain. I want to welcome him to this new post to keep the fresh air coming into the Council Chamber until the year 2000.

The Chair:

Mr. Nolan is also a neighbor of mine. I want to echo what Mr. Fagan and Mr. Olbum have said. Welcome, Mr. Nolan.

of Council to the invitation of His Excellency, Bishop John F. Deardon, to attend the solemn requiem mass this morning in St. Paul's Cathedral which was offered for the repose of the soul of Pope Pius XII. It was very gratifying and edifying to have all the members of Council attend this solemn mass, except one, who I understand was ab-

The Chair:

Members of Council, Ladies and Gentlemen, we are honored this afternoon by the presence of Reverend James A. Cox, Pastor, Calvary Baptist Church, 2629 Wylie Avenue, Pittsburgh 19, Pa., who will deliver the invocation.

Reverend James A. Cox, Pastor, Calvary Baptist Church, 2629 Wylie Avenue, Pittsburgh 19, Pa., offered the following prayer:

O Father God Who hast been our dwelling place in all generations, we bow our heads in humble submission to Thy great name this day, being fully conscious that with Thee all things are possible and without Thee we are as nothing.

As we Thy children call upon Thee, we would have Thee to know how grateful we are for Thy gifts of health, and strength, food and raiment and above all for the gift of Thy Son that we might have a right to eternal life.

We would not begin this meeting without first beseeching Thy guidance and direction in all our deliberations.

Smile Thou down upon these who have the responsibility of government in their hands. Endow them with a portion of Thy love that they may manifest compassion, wisdom that they may legislate with foresight, integrity that they may stand by their true and honest convictions, and mercy that they may apply it to their justice.

And when life's journey is over, grant unto them the final privilege of being a part of that great spiritual council meeting over which Thou and Thy Angels shall provide forever.

This is our humble prayer. Amen.

The Chair:

Thank you Reverend Cox for your very inspiring prayer.

#### DEPARTMENT OF LAW

Pittsburgh, October 15, 1958.

Honorable President and Members  
City Council  
City of Pittsburgh

In re: Zone Change  
(Bill No. 1225)

Gentlemen:

In your communication of October 3, 1958, (Bill No. 1225), it was indicated that Council had approved a change of zoning classification in a certain area of the North Side from an "R4" Residence District to a "C3" Commercial District, subject to approval by this Department of an agreement binding the owners to limit the uses of the property involved to those permitted in a "C1" Commercial District.

The purpose of the zone change is to permit the erection of a supermarket to serve the adjoining residential neighborhood, including the middle income housing development now being built.

To afford maximum protection to the residential uses, Council desired to limit the zone change to a "C1" Commercial District, in which a supermarket not exceeding a gross floor area of 10,000 square feet is permitted. The petitioners for the zone change contended that an establishment limited to 10,000 square feet would not be feasible. Only in a "C3" Commercial District could a supermarket exceeding 10,000 square feet in area be constructed. The Committee on Public Works, therefore, affirmatively recommended the change to a "C3" Commercial classification provided the uses to which the property may be put, as distinguished from the area requirements, were limited to "C1" Commercial District uses.

On October 14, 1958, counsel for the owners of the property submitted a covenant agreement with Spring Hill Gardens, Inc., a nonprofit corporation, which will construct and operate the middle income housing development. In the agreement the owners covenant that the property involved will be "limited in the types of use to the types of uses, accessory uses and use exceptions which would be permitted under a 'C1' District, \* \* \*" In our opinion the covenant agreement which has been submitted, and which will be recorded upon final action by Council, carries out the intent of the recommendation made by the Committee on Public Works.

Very truly yours,

J. Frank McKenna, Jr.  
City Solicitor

The Chair:

Members of Council, Ladies and Gentlemen, we are honored this afternoon by the presence of Reverend Donald McIlvane, Assistant Pastor, St. Paul's Cathedral, who will deliver the invocation.

Reverend McIlvane, Assistant Pastor, St. Paul's Cathedral, offered the following prayer:

O God, we know you as the Lord and Master of all mankind. By your almighty power were created the heavens and the earth and all things therein. With your wisdom and goodness, you watch over and direct all the things that You created. Give us this same outlook in our work as civil legislators. Help us always to think of all the people in our city. Help us not to overlook the special needs of various groups of people or of special

parts of our city. Help us in all things always to put the common good of all the people first.

O God, we know you as the Creator of the high mountains and the depths of the sea. We know also, God, that you created many tiny animals and insects. You are big enough—ininitely big—to care about small things. Our work as legislators of a city makes us concern with little things. The paving of one street, the regulation of the sale of some special item, the appropriation of funds for one small building—these are small things. They are not small in the lives of the people whom they affect. Help us God always to bring our best efforts to the small tasks we are given. Give us the wisdom to solve them properly. Give us the patience to deal with them well. Amen.

The Chair:

Thank you Father McIlvane for your very inspiring prayer.

**CITY OF PITTSBURGH  
CERTIFICATE OF EMERGENCY**

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, the City Solicitor in letters addressed to the Mayor and the City Controller under date of October 6, 1958, has stated that because of recent fires and accidents, suffered particularly by Firemen and Policemen of the City of Pittsburgh, the City's Workmen's Compensation liability has increased tremendously due to increases in medical, hospital and therapeutic rates as well as the substantial rise in compensation rates, requiring the appropriation of the sum of \$50,000.00 to Code Account No. 44-M, Workmen's Compensation Fund, to meet payments to the end of the year; and

Whereas, such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, we, David L. Lawrence, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to the Council of the City of Pittsburgh, the existence of an emergency requiring the appropriation of the sum of \$50,000.00 to Code Account No. 44-M, Workmen's Compensation Fund, for the payment of compensation and other expenses connected therewith to the end of the year.

Mr. McCarthy moved

That Bill No. 1556 be laid on the table pending receipt of the certificate of emergency signed by the Mayor and the City Controller relating thereto.

Mr. Weir:

May I Inquire, Mr. McCarthy, whether it would be possible for us to pass this bill subject to the receipt of the certificate of emergency?

Mr. Boxhelmer:

We have never done it before, Mr. Weir.

Mr. Jones:

Recess the meeting until tomorrow.

Mr. Olbum:

We can't get it that fast.

Mr. Weir:

I suppose if we are sure of having it

next Monday, there is perhaps no reason that Council would need to recess until Friday because the difference in time is rather slight. I do think, however, that it is unfortunate that the action that we propose to take here and which has been taken already in the Committee has not received more widespread attention. I am particularly looking toward our friends of the press.

In our life, only that in the newspapers is real. If it is in the newspapers, it is real whether it is real or not. The action in this particular bill is probably one of the really noteworthy things that has ever carried in the field of redevelopment. You know that this stems from the most unfortunate failure in the Congress of the United States to take the appropriate action in this important field. In the last session of Congress that was a failure on the part of the Congress which is most difficult for most anyone to understand because of the great importance and necessity of urban redevelopment, regardless of politics.

Now the people of the North Side are naturally a little bit gloomy about the prospects of the North Side, particularly since the unfortunate end of business for Boggs & Buhl's. As far as I know, we are taking the first step of that nature that has ever been taken anywhere. I think it is a manifestation of our great belief in the power of urban redevelopment to rebuild our city and all of its parts.

I think everybody should do anything possible to let the people of the North Side realize that this action we are taking means that there won't be the slightest delay in the program for Allegheny Center. As an actual fact, even though we must spend this money ourselves, it will speed up the planning for Allegheny Center. If we had been able to get it from the United States Government, as is the usual practice, it wouldn't have been possible to proceed as fast because there are certain delays in obtaining those funds.

I am sorry that the certificate of emergency is not here today. I am sure Council certainly intends to pass this tremendously important piece of legislation.

I am making these remarks so that

there will be no possible misunderstanding that we are putting this aside.

**Mr. Fagan:**

Mr. President, it isn't hard to figure out where the program failed. It was because of the Dixiecrats of the South and the reactionary Republicans of the North. We might as well admit to the facts.

And the question recurring on the motion, That Bill No. 1556 be laid on the table pending receipt of certificate of emergency signed by the Mayor and the City Controller relating thereto, the motion prevailed.

Also

Members of Council, I would like to make a few remarks concerning Bill No. 1564. For many years this organization that has a contract with the City for the collection of stray dogs and cats has

never had any competition. Just prior to my coming into Council today a young man was in to see me. He has contracts with various towns and boroughs. He wanted to know if he could bid against their contract. I suggest we hold over Bill No. 1564 to give this party a chance to bid.

Mr. McCarthy:

Mr. President, I believe this is merely an ordinance that allows the taking of the bids. This is not the contract itself. This man will be allowed to bid.

Which motion prevailed.

And the bill was read a second time.

Mr. Fagan:

I would like to ask why all the verbage connected with Bill No. 1450.

Mr. Jones:

It is required in order that we might set up this district with certain minimum standards. Certain portions of the ordinance have already been passed. In each instance we had to show that. That is why we have that much verbage. The "S-A" District made this necessary.

Mr. Counahan:

There is an awful lot of verbage there that I haven't had a chance to go over. I have never voted in Council for anything that I didn't read and understand first.

Mr. Jones:

In principle we did agree. The technical staff of the Planning Commission and the Law Department has drawn this up in accordance with our instructions. All of these bills were mailed to

us. It is not their fault that we haven't familiarized ourselves with it. We will delay some important projects if we don't pass this bill today. I would like to have this bill reconsidered.

Mr. Counahan:

I certainly would like to know what I am voting on. I may agree on principle, but I don't know what is here. I know it was mailed to me, but I had nothing to compare it with to see if it was alright.

I am of the opinion and have always been of the opinion that we at times seem to want to push everything. It isn't just this ordinance. It is every other ordinance. Rush, rush, rush, for what? I would like to study this bill. I have not had a chance to compare it with the original. I am not going to vote for it.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

No. 1610.

1021 Grandview Avenue  
Pittsburgh 11, Penna.  
October 21, 1958

City Council,  
Pittsburgh, Pa.

Attn: Mr. George Boxheimer  
Clerk of Council

Gentlemen:

The writer was present at the hearing on October 20, 1958, in connection with the proposed change in the Zone Map affecting the territory in which my home is located and wanted very much to voice my sentiments, but in view of a severe cold would have been unable to speak without coughing. Therefore, I want to go on record as being opposed to any changes in the zoning which would permit the erection of buildings on the North Side of Grandview Avenue especially large buildings such as apartments or hotels.

I was not notified by your office of a public hearing in connection with Ordinance No. 192 which was approved on May 10, 1958, therefore was not afforded the privilege of voicing my disapproval. Of course, I had registered a protest when consideration was first given to the erection of an apartment house in the 1000 block. Now they say the green light has been given. Gentlemen, I beg of you, plead with you, turn off the green light and put up a STOP signal. I am not trying to block progress, just hoping to assist in averting disaster.

It is unanimously agreed that we have a view here which is unequalled perhaps anywhere in the world. This being the case why hide it. One does not light

a candle and put it under a bushel. If we line the north side of Grandview Avenue with big buildings, what do we then have to offer, NOTHING. The view which we suggest offering to any or all who may wish to visit our city is destroyed. People can see big buildings in any city, why would they come up here to look at them. The beauty is looking down from the hill, not looking up from downtown.

Let's face facts. We all know that these big developers have only one interest in this area, making a lot of money. They propose to robe the home owners in this territory of their heritage, for this view belongs to the people of Pittsburgh and Mt. Washington-Duquesne Heights in particular; not just to a few who can afford to pay the fabulous prices they will no doubt charge for their apartments, or those who desire and can afford to pay for a look at the city over a cocktail.

The prize we have here is God-given and man certainly cannot improve on nature. PLEASE, PLEASE, don't sell our birthright for a mess of pottage. I know that I am voicing the sentiments of some of my neighbors, perhaps all of them in the 1000 block. We don't want an apartment here, to eliminate our view and ruin the value of our property. I most sincerely agree with the man who identified himself as a truck driver. Why don't they let us alone?

Yours very, truly,

Edith Summer /S/

bill passed finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment a three-fourths vote of all the members of Council in the affirmative shall be required for final passage.

Mr. Jones presented

No. 1611. Report of the Committee on Public Service and Surveys for October 21, 1958, transmitting two ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1553. An Ordinance entitled, "An Ordinance granting unto The Kroger Company, 501 Pressley Street, its successors or assigns, the right and privilege to construct, maintain and use at its own cost and expense, a reinforced concrete vault with hinged steel grating, to be used for electrical purposes, in the northerly sidewalk area of N. Canal Street, 23rd Ward, Pittsburgh, Pennsylvania."

Which was read.

Mr. Jones moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Fagan	Mr. Weir
Mr. Jones	Mr. Gallagher
Mr. McCarthy	(Pres't)

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 981. An Ordinance en-

titled, "An Ordinance vacating Council Way, between Thomas Street and a line 4.95 feet north of the line dividing lots Nos. 87 and 88 in the 'Crystal Place Plan of Lots,' and providing for the closing of said way, and condemning all private rights in the vacated area."

Which was read.

Mr. Jones moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Counahan:

Mr. President, this is the Council Way Ordinance. I would like to have a little bit of information about this since it will be necessary for the Borough of Wilkinsburg to give permission for a cut in their street. Is there any provision in this ordinance to protect the City in the event that the street cannot be cut or they do not receive permission from Wilkinsburg to cut the street? In other words, if the street is vacated and we find that we cannot cut it, what position are we in? Have we dedicated a dead-end street or not? I have read the ordinance. I don't see a protective clause in it. Not being an attorney I ask that question.

Mr. Jones:

I am not the Law Department, but it is in my committee. I suggest if we do that and the Borough of Wilkinsburg fails to go along, this would die by reason of law. We couldn't go through their street because they had refused to give permission. If that does happen, we can appeal the ordinance.

Alex Unkovic, 575 Union Trust Building:

I will be glad to go on record as saying that if we don't get the Borough of Wilkinsburg's consent, it falls.

Mr. Jones:

It falls anyhow. We cannot do anything that is binding on the Council of Wilkinsburg.

Mr. Counahan:

I understand that we can't do anything. Wilkinsburg cannot act either until some decision is made here. I am

not asking for an opinion from anybody. I am asking for the decision of the Law Department as to whether we are protected or not. I cannot see it in the ordinance. Of course, I am not an attorney. No matter what I am, I may have to make my decision on the Law Department's interpretation of this particular ordinance.

If we have that protection in here, I am in a position to vote. If we are protected, I would like to know about it.

Unfortunately, Mr. President, I didn't understand the situation thoroughly. I should have asked the question in Committee. If I did wrong, I will stand corrected. I would like to know if the Law Department can give us the assurance that we are protected.

Mr. Fagan:

Mr. President and Members of Council, I talked with Mr. O'Leary, the partner of Mr. Sherry. If you will recall, at the last meeting they had a plan that showed that if the alley was moved next to their property, they would be satisfied to have this become an ordinance. Otherwise, it has been stated by Mr. Counahan that if they can't, and we cut the curbing, then we are going to have a dead end in an alley. If the request on the part of the Orr Company or their attorney would agree that that alley could be moved over so that it would run along their property, I believe Mr. O'Leary and Mr. Sherry would be satisfied.

Mr. Gallagher:

Can any member of Council make a statement that the Law Department has investigated this.

Mr. Rodgers:

It is not in my committee, but I know that Mr. Marshall of the Law Department is wholly familiar with it.

Mr. Jones:

I would suggest we hold it over and send for Mr. Marshall.

And John M. Marshall, Assistant City Solicitor, appeared.

Mr. Counahan:

Mr. Marshall, we have a bill numbered

981. I don't know whether you are familiar with it or not. We have a street we are going to vacate, a certain portion of subject to a proponent's putting a street in at right angles to street and the curbing. Permission will have to be received from the Borough of Wilkinsburg for them to make the cut. My question is this: If we vacate the street and for some reason or other the new street cannot be put in for the reason that Wilkinsburg will not agree to it, is there any protection in this ordinance for us. We don't want to end up with a dead end street.

Mr. Marshall:

There is no protection in the ordinance, Mr. Counahan. The Orr Company owns all of the land necessary to the creation of the new street and has the right to create a private street. Their Counsel seems reasonably sure that when dedicated Wilkinsburg will accept its portion of the street as a public street. There is nothing that we can put in this ordinance that can assure us of having a street not only through the portion of the land that is in the City of Pittsburgh but also the portion that is in Wilkinsburg. This Council was without power to put anything in the ordinance that would assure a street being accepted in the Borough of Wilkinsburg, of course. It is almost a factual impossibility to get two municipalities to act simultaneously. That is the problem here. The Councils don't meet at the same time and the problem was not presented to them at the same time. One or the other must go ahead. The bulk of the land is in the City of Pittsburgh. The plant in its entirety is in the City of Pittsburgh. Most of the new street will be in the City of Pittsburgh.

Mr. Jones:

If the Borough of Wilkinsburg refused to act after we have taken the first step, I say then we are in a position to repeal the ordinance.

Mr. Counahan:

I don't think that was the same answer that Councilman Jones gave before. He was of the opinion that if you couldn't get the right-of-way it would be an automatic repeal. I know that we can repeal any ordinance in time within reason. Is that right, Mr. Jones?

**Mr. Jones:**

That is close enough.

**Mr. Marshall:**

It wouldn't be an automatic repeal, but there is statutory repeal affecting streets either in their creation or vacation.

**Mr. Jones:**

Is there on file anywhere a proposal coming from the other people offering to dedicate this other land to us for this new use? It is not in this ordinance and someone raised the question "should it be in this?"

**Mr. Marshall:**

It would be very difficult to put it in. It is in the petition in this fashion. When and if the time for appeal from any action of the Board of View or any action in the Common Pleas Court has expired then they will dedicate to the City of Pittsburgh all that portion of the new street that lies in the City of Pittsburgh. It is in this petition.

**Mr. Fagan:**

They will dedicate the street and we will be responsible for the street. Is that right?

**Mr. Marshall:**

If it becomes a public street and is accepted by the City of Pittsburgh, the obligation to maintain the street is the responsibility of the City of Pittsburgh.

**Mr. Rodgers:**

Mr. President, we have had a great deal of discussion about this. Perhaps the question could be resolved by an amendment.

"This Ordinance shall be null and void and of no affect until within thirty days after draft of approval hereof or Realty, Inc. (or whatever the name eis) shall dedicate and provide access from the undedicated portion of Council Way to that street in accordance with the statement in the petition and in accordance with the plans on file with this Council." I offer this as an amendment.

**The Chair:**

I think this ordinance should be re-

committed to the Committee on Public Service and Surveys for further study.

**Mr. Jones moved**

That Bill No. 981 be recommitted to the Committee on Public Service and Surveys.

Which motion prevailed.

**Mrs. D'Ascenzo presented**

#### DEPARTMENT OF LANDS AND BUILDINGS

Pittsburgh, October 24, 1958

President and Members of Council  
City of Pittsburgh

Attention: Councilman Fagan

Re: Mellon Square Park  
Bill No. 1476

Gentlemen:

Please find attached a report from our City Architect, concerning the above mentioned subject, with which I concur and approve.

Yours very truly,

Homer R. Greene, Director.

October 24, 1958

Homer R. Greene, Director  
Department of Lands and Buildings  
City of Pittsburgh

Dear Director:

In accordance with communication from Council as of October 15, 1958, whereby they referred to the Department of Lands and Buildings for a report as to the factors contributing to the necessity for pointing, resetting, polishing, and the various rehabilitation of granite at the Mellon Square Park, I wish to report the following as you requested.

I made a survey of the existing conditions at the Mellon Square Park obtaining some samples of mortar used and went over the specifications and working drawings in detail concerning this project. This project was completed in the fall of 1955 and in the ensuing winter months certain conditions began to appear in the mortar work and the alignment of the granite work.

The present condition of the mortar and granite work could be assumed the result of one or a combination of three things; 1st, the mortar was frozen (but, upon examination of the mortar, this did not seem to be a fact so far as the jointing mortar is concerned; 2nd, The mixture of the mortar and the exceptional hardness of the granite seem to have been of such a nature that very little bond was established; 3rd, The question of freezing in the back-up mortar in which this granite was set became a question which directed me to investigate as to the possibility of the back-up mortar freezing.

Such a condition, naturally, when thawing occurs, would produce pressure resulting in the granite being out of alignment and the separation of the joint mortar from any bond it may have had with the granite.

This project is an unusual project of its type—a type of which there are few in the country, and I doubt, if any have as much floral display as the roof of the building on which this park is created.

Extensive use of water in fountains, trees and foliage, setting pockets, etc., has created unusual dampness that is not encountered in most attempts of this kind.

Upon examination of the specifications and working drawings, every at-

tempt known to the trade was used in trying to waterproof the concrete walls and roofs wherever planting was used. Five-ply membrane waterproofing was used on the floor surfaces and three-ply membrane waterproofing on the wall surfaces. Over this one-inch of waterproof cement was used. On the outside walls dowels were set and a one-inch space filled with mortar in which to set the granite. This is a general type of construction used at all times where the walls are weather-protected from the adjacent side.

In this unusual project the adjacent side of the walls are filled with earth in which foliage of all types and variation have been planted. The watering of this planting, so as to maintain and encourage their growth, it seems has seeped through the concrete and waterproof protection wherever a possible expansion crack may have occurred into the very absorbent plaster in which the granite was set.

This moisture upon thawing has caused movement and distortion of the original granite setting. As early as February of 1956, this was detected and corrective measures entered into which resulted in all defects in granite walls and coping being corrected to the satisfaction of the City of Pittsburgh and the Allegheny Conference on Community Development as of May, 1957.

It was found that it was better to have a one-inch air space rather than mortar in the back-up of the granite depending on the doweling and the mortar joints to suffice. A new type of sealer called "Tremco" which came on the market after this project was completed is being used with good success. This method was conducted with the cooperation of the contractor until the limit of their guaranty ran out. Naturally, there will be a minimum maintenance expenditure on a project of this kind in this area where severe atmospheric conditions prevail that tend to cause freezing and thawing. Therefore, there will have to be corrections from time to time.

The type of correction now in use will continue to be, I believe, satisfactory and the answer to the present problem or any future problems. This is not the only place where these conditions have occurred. There is evidence of

similar conditions nearby. Reports received from others in roof projects of this kind inform us of similar troubles.

A great amount of study including suggestions from many and varied sources were entered into during the conception of this project as it was of an unusual nature. I believe every attempt humanly possible was given this project not only during its conception but during its construction.

It is my opinion that certain conditions that were thought of as safeguards proved somewhat in error from actual experience under conditions that were extremely unusual.

I believe all defects showing at this time should be corrected as soon as possible before the coming winter weather.

Yours very truly,

William C. Pyle, A.I.A.  
City Architect.

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, the Mayor, in a letter addressed to the City Controller under date of October 24, 1958, has stated that because of the failure of the Federal Government to provide funds for the planning phase of the Allegheny Center urban renewal project in the North Side

section of the City, an emergency has arisen in the City's redevelopment program requiring the appropriation of the sum of \$50,000.00 to provide for a grant to the Urban Redevelopment Authority of Pittsburgh to enable it to commence the planning phase of this project, and

Whereas, such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances.

Now, Therefore, we, David L. Lawrence, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to the Council of the City of Pittsburgh the existence of an emergency requiring the appropriation of \$50,000.00 to the new code account to be designated as No. 79 —Urban Redevelopment Authority of Pittsburgh, for a grant to the Urban Redevelopment Authority of Pittsburgh for the purposes set forth above.

#### ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, November 3, 1958.

Council met.

Present:—

Mr. Counahan	Mr. Olbum

Mr. Fagan	Mr. Weir
Mr. Jones	Mr. Gallagher
Mr. McCarthy	(Pres't)

The Chair:

Members of Council, we are honored this afternoon by the presence of Reverend Kermit S. Edgar, Pastor, Allegheny Reform Presbyterian Church, who will deliver the invocation.

Reverend Kermit S. Edgar, Pastor, Allegheny Reform Presbyterian Church, offered the following prayer:

Almighty God, our blessed Heavenly Father, we bow our hearts before Thee at the opening of this Council session, acknowledging Thy sovereign power, confessing our own weakness and ability alone to cope with the problems of so great a city, and beseeching Thee to give us that wisdom which is from above.

We thank Thee for Thy goodness, Thy mercy and Thy providential grace which has so prospered this city in the past two centuries. Save us, O Lord from forgetting the God who has made us; turn us not over to the folly of our sometimes selfish and materialistic desires.

Bless, we pray Thee, the members of this Council as they undertake the work of another week. Thou knowest the problems; Thou knowest the pressures upon them of selfish interests. As their actions affect the welfare and destiny of so many people, empower these Thy servants to resist all evil; enable them to make right decisions; bring to nought anything that is not for the best interest; prosper abundantly that which is in accord with righteousness and justice.

Lift us all, O God, leaders and followers, rulers and the whole populace, above any selfish interests of party or personality, or expediency in time or circumstance, and lead us all by Thy Spirit to do Thy will. For truly, O Lord, Thou canst not condone evil or bless those who ignore or defy Thy purposes.

Open our eyes to behold the triumphant march of righteousness, and encourage our hearts to be laborers together with Him who is the King of Kings and Lord of Lords, the Author and Perfector of our faith, who endured the cross and is set down at the right hand of Power with all authority in heaven and in earth.

In the name of Jesus Christ our Lord, we pray. Amen.

The Chair:

Thank you Reverend Edgar for your very inspiring prayer.

The Chair:

Members of Council, we are honored this afternoon by the presence of Very Reverend John Gernat, Business Managing Editor of the Byzantine Catholic World, who will deliver the invocation.

Very Reverend John Gernat, Business Managing Editor of the Byzantine Catholic World, offered the following prayer:

Our Father, we yearn for a better understanding of spiritual things and a closer talk with Thee that we may interpret aright the times in which we live. We long to be able to minister, according to Thy will and according to the example of Christ, to people who are troubled and burdened with the cares of the world. Instill into the hearts of Thy servants each day fresh confidence

in Thy goodness. Deliver us from fear and worry that we may deal confidently with the fears and worries of others. Strengthen our faith and increase our capacity for sympathy and understanding. Make us glad to bear one another's burdens, and grateful for opportunities of fulfilling thus the law of Christ, and the laws of this City. Amen.

Mr. Fagan:

Mr. President and Members of Council, I rise to a question of personal privilege. I have just conferred with the Director of the Department of Lands and Buildings and Homer Greene, Director of that department, has informed me that no transactions for the sale of publicly-owned properties transpire on a verbal basis as has been alleged in some quarters. For the information of Council and the general public, I wish to state that the sale of these properties is either by Treasury sale or a Sheriff's sale; there is no transaction done on a verbal basis by the Department of Lands and Buildings. There may be some verbal discussion about the sale of a piece of publicly-owned property with persons who desire to acquire it, but if any person desires to purchase any of this property, he makes an application to the Department of Lands and Buildings and places a deposit of ten per cent of the purchase money, and then a resolution for the sale of that property is transmitted to Council for consideration and action. If the sale is approved by Council and receives the signature of the Mayor, it then goes to the Court of Common Pleas for final approval. Anyone has a

right to appear in Court and offer a higher bid for the property in question; in other words, it is an auction conducted by the Court. Therefore, I wish to clear the minds of any person who thinks that these sales are conducted on a verbal basis. I hope I have made myself clear.

Pocerneckie in the amount of \$615.00 at No. 1922 January Term, 1958, for the grading, paving and curbing of Barbadoes Avenue, 19th Ward, because said assessment did not take into consideration the assessment made on the improvement of Woodbourne Avenue, for which an assessment was made in the sum of \$342.50 at No. 3391 April Term 1948, upon payment of \$225.00 with interest thereon from July 25, 1958.

Mr. McCarthy moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Fagan:

Mr. President, I want to make a statement on Bill No. 1635. This is the bill that has to do with the grading and paving of Woodbourne Avenue and Barbadoes Street. I see here that they are charging Mr. Pocerneckie interest on that. They have no right to charge them interest on that. They were willing to pay the bill when they paid for the paving of Woodbourne Avenue. I think the interest should be eliminated, and I so move.

Mr. Rodgers:

I understand that this is a settlement that has been worked out with the property owners. They are perfectly willing to pay the small amount of interest which is contained in this bill. I would also like to point out that by having a delay in payment they have, in effect, gotten the benefit. Whereas the money should have been paid on July 4, 1958, they did not have to pay it at that time. They are paying it three or four months later. I don't think this is a burdensome thing.

Mr. Fagan:

Those people came in to pay what they were entitled to pay. The matter was in the Law Department. The Law Department took all this time to make a recommendation to Council. They were willing to pay when the bill was due.

Mr. Rodgers:

Had they pursued their remedies before the Board of Viewers and had called the Bureau's attention to the situation which the Law Department later recommended in this bill, their assessment would not have been the larger amount. It would have been the amount recommended here and would be payable on July 25, 1958.

Mr. Fagan:

Why should somebody be charged for the paving when they got no benefit out of it. They were not involved in the paving of Barbadoes Street.

Mr. Rodgers:

I believe it appears here that they were involved and properly owed \$225.00.

Mr. Fagan:

Because of the fact that the bill was \$615.00.

Mr. Rodgers:

Mr. Fagan, I believe we are talking about something in the neighborhood of \$2.65.

Mr. Fagan:

No matter if it is \$.03, they have a right to be protected. That is the reason I am raising the question right now.

Mr. Rodgers:

I would like to ask whether it appears on the record.

Mr. Fagan:

They came in to pay the bill like everyone else that was billed on the street. That is what they did. Then they told them that they owed that. They said they would pay for the paving of Woodbourne Avenue. There was fifteen feet on Barbadoes Street that they were willing to pay for at the time it was due.

Mr. Jones:

I just want to ask Mr. Rodgers one question. Did I understand you to say in your remarks that the parties involved here agreed and are willing to pay as is?

Mr. Rodgers:

That is certainly my understanding, Mr. Jones. They are willing to pay the amount with interest from July 25, 1958.

Mr. Jones:

The amount previous was \$615.00. As a compromise it has been reduced to \$215.00 plus interest.

Mr. Fagan:

Mr. President, I would like to know where they got the information that this is an agreement.

Mr. McCarthy:

Is there a letter attached to this bill?

Mr. Boxheimer:

Yes.

The transmittal letter from the Department of Law, signed by J. Frank McKenna, Jr., City Solicitor, as follows, was read:

DEPARTMENT OF LAW

Pittsburgh, Pa., October 28, 1958

Finance Committee  
City Council  
City of Pittsburgh

In re: Bill No. 1272—Assessment Against  
Property At 1442 Woodbourne  
Avenue

Gentlemen:

The above bill is a communication from Walter T. and Anne F. Pocernickie, complaining of assessment against property at 1442 Woodbourne Avenue for grading, paving and curbing of Barbadoes Avenue.

On investigation we find that the Pocernickie property was assessed for grading, paving and curbing of Woodbourne Avenue at No. 3391 April Term, 1948, in the amount of \$342.50 on the basis of 25 feet fronting on Woodbourne Avenue. This is evident from the plan of the Viewers' proceedings following the paving of Woodbourne Avenue. The property of the Pocernickies in that proceeding was designated as V-1, and it is clear that only 25 feet of the property was considered as fronting on Woodbourne Avenue and was, therefore, assessed for benefits in that proceeding.

In 1958 Barbadoes Avenue was graded and paved. Proceedings to assess benefits for the improvement were conducted by viewers at No. 1922, January Term, 1958. In this proceeding the Pocernickie property is designated as V-12. A sketch of part of the plan of the Viewers' proceeding showing the property involved, that is V-12, is attached hereto. It is obvious from the plan that the Pocernickie property fronts only 15 feet on Barbadoes Avenue, and that the remaining frontage, to-wit, 35.42 feet, is on Woodbourne Avenue.

Notwithstanding the fact that the property fronts only 15 feet on Barbadoes Avenue, the same was assessed for its entire frontage on Barbadoes and Woodbourne Avenues, or 40.42 feet. The assessment is in the sum of \$612.00, precisely the same amount of the assessment against the adjacent property V-13, which does front 40.42 on Barbadoes Avenue. The assessment is, therefore, in the approximate amount of \$15.00 per front foot. Since the Pocernickies have already paid for the paving of 25 feet in front of their property in the proceedings involving Woodbourne Avenue, it is recommended that the assessment under discussion be reduced to such an extent that they will pay for the paving of only 15 feet. On this basis, the assessment will be \$225.00.

It is, therefore, recommended that the enclosed resolution authorizing satisfaction of the lien upon payment of the sum of \$225.00 be adopted.

Very truly yours,

J. Frank McKenna, Jr.  
City Solicitor

The Chair:

Is there a second to Mr. Fagan's

#### MOTION AND RESOLUTIONS

Mr. Fagan moved

That the Minutes of Monday, November 3, 1958, be approved.

Which motion prevailed.

Mr. Fagan:

Mr. President, it was with sadness that I learned of the death of two former employees of the City of Pittsburgh—Dr. I Hope Alexander, Director of the Department of Public Health, and

Martin L. (Cozy) McTighe, Superintendent of Buildings, Department of Lands and Buildings. When we adjourn this Council meeting today, I will move that Council do so out of respect to the memory of these two former City employees.

Mr. Weir:

Mr. President, I thought it appropriate today that someone call attention to the fact that there has passed among us one of the most colorful; one of the most interesting and one of the most useful and important Directors of a Department that has ever served the City of Pittsburgh. A somewhat controversial character at times, and one for whom I, among many others, learned and developed a very great respect.

Some people were not fully aware of the real depth and force of Dr. Alexander because he had a really wonderful sense of humor that prevented him from taking himself too seriously and ever developing a pompous attitude that others might have developed.

When I first came into this Council, I was assigned the Committee of Public Health; frankly for the simple reason that it was the least active and regarded as the less interesting assignment. Just prior to that time, the Mayor had asked the United States Health Department to survey the Public Health facilities of the City. That survey was requested by Mayor Lawrence because Dr. Alexander had in turn asked Mayor Lawrence to do this. It was rather an unusual action. Most people don't invite searching investigations of the way they are conducting their offices. He knew full well that this survey would be highly critical. Yet, he asked for it.

As a result of it, of course, a plan was developed from which a rather mediocre Health Department in the City rose to, actually, an outstanding one. At the time our Health Department was turned over lock, stock and barrel to the County of Allegheny. I think we can take pride in the fact that it did be-

come a very excellent Health Department, excelled by very, very few in the United States.

Throughout that development it was also my constant observation that Dr. Alexander was never rooted to old habits and old ways of thinking. He never constituted an obstacle to change or develop. In fact, he devoted all his efforts to the change.

Another measure of his stature, in my opinion, is the fact that although he knew—and when I say he knew, believe me, I know what I am talking about from intimate conversations with him—he could not obey Health Officers of Allegheny County; no one worked more vigorously to bring about the County Health Unit for the simple reason that he recognized the best thought in the field of Public Health, including his own. A unit could be run more efficiently in the best public interest with a greater geographical area such as Allegheny County. He, together with the rest of us, lobbied for the County Health Department which made that department possible.

This man, I understand, became Director of Public Health somewhat by chance. Dr. Alexander was a specialist in chest diseases. He became acquainted

with Mayor Scully as a rider on the same bus. As a result of which they discussed public health and Mayor Scully asked him to take the job.

Although he was eminent in the field in which he worked, he had no real prior work in the aspect of public health. There again it was a great credit to him that he was able to develop himself in the field of Public Health to a rather remarkable person in that field.

I can think of nobody in my memory who contributed more as a Cabinet Officer to the welfare of this City than Dr. Alexander or, who I might add, was a more genuine fellow and real person than Dr. I. Hope Alexander. I will be happy to second Mr. Fagan's motion.

Mr. Fagan moved

That Council now adjourn out of respect to the memory of Dr. I. Hope Alexander, former Director of the Department of Public Health of the City of Pittsburgh, and of Martin L. McTighe, former Superintendent of Buildings, Department of Lands and Buildings.

Which motion prevailed by a rising vote.

And Council adjourned.

#### ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

November 17, 1958

Council met.

Present:—

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Fagan	Mr. Weir
Mr. Jones	Mr. Gallagher
Mr. McCarthy	(Pres't)

The Chair:

Members of Council, we are honored this afternoon by the presence of Reverend Robert J. Lamont, Pastor, First Presbyterian Church of Pittsburgh, who will deliver the invocation.

Reverend Robert J. Lamont, Pastor, First Presbyterian Church of Pittsburgh, offered the following prayer:

Our Father, Thou hast told us to be still and then the confidence of knowing Thee will possess our hearts and minds. And so we pause in the business of our day acknowledging freely the responsibility which we carry, but thanking Thee that if Thou will grant us wisdom and understanding, we shall be able to measure ourselves against the demands of this day and the responsibility which is ours in this City.

Thou hast encouraged us to come and ask for wisdom and Thou hast promised that Thou would give it liberally and not upbraid us. So we ask for wisdom for our minds. We ask for understanding for our hearts and discipline for our wills so that in all things we may live honorably in Thy sight and fulfill the privilege of our offices with the blessings we possess as individuals for a great city.

We express our thanks through Christ and ask that Thou would enable us to be the instruments of Thy good will in our generation. We ask this in the name of Christ who gave Himself for us. Amen.

The Chair:

Thank you Reverend Lamont for your very inspiring prayer.

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, the Director of the Department of Public Works, in letters dated October 21, 1958, addressed to the Mayor and the City Controller, has stated that an emergency has arisen in the Bureau of Refuse, Department of Public Works, requiring a transfer of the sum of \$18,000.00 to Code Account No. 1676-3, Wages, Regular Employees, October to December, Division of Collection and Disposition, to meet anticipated payrolls for scheduled work for the remainder of this year for the reason that appropriations to the Third and Fourth Quarters were smaller than the first half of the year, based on anticipated delivery of Load Packers for the collection of garbage and rubbish; and

titled, "An Ordinance to provide revenue for the City of Pittsburgh by imposing for the year 1959 a tax upon the privilege of attending or engaging in amusements, including every form of entertainment, diversion, sport, recreation and pastime, requiring all persons, partnerships, associations and corporations conducting places of amusement to secure permits; imposing duties and conferring powers upon the Treasurer of the City of Pittsburgh; prescribing the method and manner of collecting the tax imposed by this ordinance, and imposing penalties for violation thereof."

In Committee on Finance, November 25, 1958, bill read and amended by inserting a new section as follows:

"SECTION 12. The provision of this ordinance imposing a tax shall not apply where the established price for admission to any amusement is seventy-five cents (\$.75) or less."

and as amended, ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. McCarthy:

Mr. President, I move that the amendments to these bills be approved with the exception of Bill No. 1673.

With regard to that, I would like to say that I have information from the Treasurer's Office to the effect that it would cause a loss of \$162,000.00 to the City if this particular provision remained in. In light of the fact of the discussion we had yesterday concerning the review of all of these facts which Mr. Stahl, of our Law Department, said we could amend anytime during the year as long as we complied with the Law requiring advertising for things of this nature. This may require thirty or sixty days time. We could amend any of these ordinance which we felt could be amended.

Because of the fact that I have agreed, as Chairman of the Committee on Finance, to ask the Economy League to get us information concerning the effect of these ordinances on business generally in the City of Pittsburgh, and because of the fact that there is some possible question of the constitutionality of this particular amendment, I ask the Members of Council to reconsider the action they took yesterday in including this amendment in the ordinance and to

vote along with me to strike out this particular amendment from Bill No. 1673. We can, at some subsequent date, consider whether or not we want to do this. I hope that it will not be too long. It will probably be during the early part of January, should we be able to have this information. When we do decide to make any reductions in the taxes now on the books, it will be necessary for us to consider what form of taxation to apply to make up for whatever we may lose by any reduction which we make.

Therefore, I make the motion that all the amendments be approved with the exception of Section 12, Bill No. 1673.

Mr. Rodgers:

Mr. President, may I inquire as to whether we have the report from the Treasurer? I know that you have information that would entail a deduction in income of \$162,000.00.

Mr. McCarthy:

That information is verbal through the Budget Controller.

Mr. Rodgers:

I might say that I received substantially the same report yesterday afternoon. On the basis of that, I second Mr. McCarthy's motion.

Mr. Olbum:

Mr. President, as one who voted for the amendment in Committee pertaining to Section 12, Bill No. 1673, I will vote for this motion. I had intended to second Mr. McCarthy's motion. Of course, this has been done.

You will recall when we discussed this bill yesterday that we were seeking information from the City Treasurer. Since that time, all of us have received information to the effect that it is approximately \$162,000.00 that we would be deleting from the budget.

All of us are aware that our budget in its present form can ill-afford \$162,000.00. However, I think that those of us who voted for the amendment yesterday are keenly aware of the plight of the small neighborhood theatre operators whom we sought to help yesterday. Of course, on the strength of Mr. McCarthy's representation that the Economy League will be asked to make a study, I am willing, of course, to go along and vote to delete the amendment to Bill No. 1673.

**Mr. Fagan:**

Mr. Chairman, I also voted for the amendment. Of course since we have the information from the Treasury Department and the Budget Controller, I am now in favor of deleting Section 12 from the ordinance.

**Mr. Counahan:**

Mr. President, I seconded Mr. Rodgers' motion for the reason that we are going to review these taxes early in January. I withdraw my objection.

**Mr. Jones:**

Mr. President, that leaves only one who voted for the amendment who hasn't gone on public record justifying his position. We do propose to have this tax study made by the Pennsylvania Economy League. The result of that study will be available to us shortly in January. The Federal Government has seen fit to reduce this tax. I understand that Philadelphia has cut it in half. I believe that it is incumbent on us to give further consideration to the plight of this particular type of business.

So on the basis of the information that we are going to get from the Pennsylvania Economy League, I am going along with the majority of Council.

**Mr. McCarthy moved**

To amend the bill by striking out Section 12 which reads as follows:

"SECTION 12. The provision of this ordinance imposing a tax shall not apply where the established price for admission to any amusement is seventy-five cents (\$.75) or less."

Which motion prevailed.

The Chair:

Members of Council, we are honored this afternoon by the presence of Reverend John F. Hollingsworth, Pastor, McNaugher Memorial United Presbyterian Church, who will deliver the invocation.

Reverend John F. Hollingsworth, Pastor, McNaugher Memorial United Presbyterian Church, offered the following prayer:

In the Holy Scriptures we are called upon to offer supplications, prayers, intercessions, and giving of thanks for all men . . . and especially for those in authority over us.

We are further instructed to be subject to the higher powers . . . for there is no power, but that given of God.

We pray, O eternal God, that Thy guiding hand and Thy richest blessing to be upon this body. . . . Upon the Mayor and other officials of this great metropolis . . . upon the Governor of our Commonwealth and the President of our republic.

Help us, each one, to recognize our responsibility to serve Thy people without respect to persons . . . and to recognize our great responsibility to be an example in justice, in mercy, in righteousness . . . so that honor and glory may come to Thy Holy Name.

The Chair:

His Honor, the Mayor, is ready to submit his budget to Council.

I appoint Messrs. Fagan and McCarthy to escort the Mayor to the Council Chamber.

(After the return of the Committee and the Mayor):

The Chair:

Members of Council, His Honor, the Mayor of Pittsburgh.

Honorable David L. Lawrence, Mayor, said:

President and Members of Council:

This General Fund budget for 1959, which I have the honor to present to you today, is the most difficult I have ever submitted in my tenure as chief executive of this city.

On the one hand, it is a budget which prescribes, reluctantly, a reduction in City services, while, on the other hand, it requires an increase in the taxes to be levied.

Obviously, it is a product of the head-on collision of recession and inflation.

Beyond that, it reflects a sizeable decrease in the cash surplus from the current year's operations, as I warned it would in my message of last December.

The net surplus which was available for the 1958 budget amounted to \$2,993,408. This year it has dwindled to an estimated \$570,800.

Naturally, I would have preferred to make a more favorable fiscal report in this, my last budget to prepare as Pittsburgh's Mayor.

However much I have wished it to be different, there is no escape from hard facts or unpleasant statistics.

The hard facts are that if I were to submit to you a budget calling for the same expenditures as in 1958, it would be out of balance by \$3,224,659. This is equivalent to something less than five

mills on land and 2½ mills on buildings in the real estate tax rate.

The 1959 departmental requests, as received in the Mayor's office, would have exceeded anticipated 1959 revenue by a sum equal to six mills on land and three on buildings.

I could not, in good conscience, suggest such an increase.

Instead, the Mayor's office has subjected the budgetary requests to the most severe form of fiscal surgery.

No agency, no office, no function has been spared.

Requests, which amounted to \$48,466,560, have been slashed to \$46,709,232. This is a cut of \$1,757,328.

No department has been given an increase over 1958 expenditures; indeed, most of them have experienced sizeable reductions.

The result is the budget herewith submitted and recommended for your approval, which is \$405,427 less than the appropriations for the current fiscal year.

This reduction is even more impressive in light of the fact that various mandated increases, over 1958 appropriations, total \$815,288.

These include allowance for salary increments for police and fire personnel (including park police); increases in appropriations for debt service, the Municipal and the Firemen's pension funds, and Social Security; provision for guaranteeing the Sanitary Authority full payment for its sewage rental charges; and the added cost of postage brought about by the postal rate increases.

This budget does not provide for any improvement in salaries and wages for municipal employees. As a matter of fact, it is predicted on declaring on one-year moratorium on the increment plan for all employees excepting those in the uniform services. It makes no provision for meeting the prevailing rate of pay for union personnel. If Council chooses to continue recognizing these rates, I must suggest, as I did in 1955, that reductions in hours be made to offset the increases.

These are hard facts, indeed.

However, I cannot recommend upward wage and salary adjustments at the same

time we are reducing the number of people now employed by the City.

It does not seem to me to be either fair or equitable to increase one man's wages at the expense of another man's job.

As you can observe by examining this budget, there have been a number of positions eliminated from the salary budget. Some of these are made possible by improved techniques and procedures, others by the continuing modernization and capital improvement program and still others by cutting back existing activities.

As examples, reductions in personnel in the Refuse Bureau are made on the basis of improved equipment now in use. The maintenance force of the Bureau of Bridges, Highways and Sewers has been cut back to reflect improvements brought about by the street surfacing program, including the use of reclaimed asphalt on unimproved streets. The clean-up campaign, which has provided monthly rubbish collections, has been curtailed to provide for pickups on a quarterly basis.

Equipment and materials accounts have been culled for savings, despite the fact that inflation has increased the cost of many items and services which the City must purchase.

Aid to such organizations as the Pittsburgh Symphony, WQED, Soho Public Baths, and others have been reduced.

None of this is easy to do, and I regret that the City's fiscal situation makes it necessary. No cause or activity, no matter how worthy or desirable, can be paid for if we don't have the money.

Despite these drastic actions, the budget, as recommended, is still out of balance by \$2,248,441, an amount equal to three mills on land and 1½ mills on buildings.

However, one of the principal failures in General Fund revenue in 1958 has been the inability of the Water Department to fully meet its obligation to pay \$2,145,000 as a fair return on the City's investment in the Water system. At this time, it is apparent that the Water Department will be in default by \$445,000. Beyond this debit, the Department owes the General Fund \$2,890,575 from previous years.

Therefore, when I submit the Water Fund budget early next week, I will recommend that water rates be increased by ten per cent. Such action should make it possible for the Water Department to meet fully its 1959 obligation to the General Fund and to pay \$750,000 annually on its past debt.

Even with this adjustment, the General Fund budget will be out of line by roughly \$1,500,000.

To my regret, I must, therefore, recommend that Council increase taxation of real estate in the amount of two mills on land and one mill on buildings.

As everyone knows, this Administration has tried valiantly to keep the burden on real estate at the lowest possible rate. I believe that an examination of recent history demonstrates that emphatically.

When I became Mayor in 1946, more than 80 per cent of the General Fund budget was paid for from real estate taxes. In 1959, if Council should adopt my recommendations, real estate taxation would contribute only 57 per cent of the General Fund revenue. The rates which I have suggested to bring this budget into balance will be only one mill greater on land and half a mill higher on buildings than they were in 1956.

This reflects the sincere desire to distribute the tax load, which no one welcomes, as equitably as possible.

I might add that there has been little inclination on the part of the County Board of Property Assessment Appeal, and Review to increase assessments in this post-war period. Indeed, the gains we have made have been in building values, which have risen by more than \$200 million since 1946, due, in large measure, to the vast improvement program which has taken place during these years. Land values, however, have decreased by more than \$18 million.

The assessed value of land in Pittsburgh for 1959 tax purposes has been certified by the County Board at \$403,312,483. This is the lowest value on land since the graded tax was established in 1914—before World War I.

It hardly seems necessary for me to point out how unrealistic these figures are. If assessments had kept pace with

values, I am confident Pittsburgh's real estate millage today would be at the 1946 level or below.

It follows that if the County Board does a sensible job of assessing during this coming year, the real estate millage can be adjusted downward to reflect that action.

" " " "

As you know, this is the last budget I will present to you as Mayor of the City of Pittsburgh.

Certainly, I would have enjoyed making a more optimistic report.

However, the economic facts of life, unfortunately, are not reactive to human whims or wishes.

The facts make it quite clear that the City faces more fiscal difficulties in the years ahead. -

There is the obvious need to improve working conditions for City employees.

There is the necessity to purchase new and modern equipment to better perform the services which are the City's obligation to provide.

There is the necessity to expand certain services, especially in the fields of parks and recreation, and public safety.

There is the essential responsibility to continue the work of urban redevelopment, which must be expanded and speeded up if we are to build a city of pleasant living and of a secure economy.

I suggest that we look ahead realistically and plan our program and our finances, as fairly and as equitably as it is humanly possible to do.

The Pittsburgh Board of Education, although completely separate from the City government, of course depends upon the same taxpayers for its support.

This Board, as everyone knows, has serious financial problems of its own. I am advised that it has taken action suggesting that the City and the School District jointly appoint a non-partisan citizen's committee to study the fiscal needs of the two governmental units for a reasonable period ahead and recommend the best means of financing those needs.

Frankly, this seems to me to be a logical and desirable approach.

Despite the divided jurisdictions, the fact to keep uppermost in mind is that the Pittsburgh citizen pays the bill for both agencies of government.

In the interest of the taxpayer, of the school system, and of the municipality, I support the principle of such a Committee and I hope the Council will join with me in helping to form such a group as promptly as possible.

The vital ingredients in Pittsburgh's accomplishments during the recent years have been the cooperation and civic participation which has become characteristic of our citizens. We have learned to face up to our problems and to drive forward, in a great unity of purpose, in achieving their solutions.

I am certain this same spirit will prevail in this City for many years to come. It will require leadership, from every level of the community. It will depend upon government, upon business, upon labor, upon every segment of our population. It will call for determination and boldness to carry on the work and to face up to new challenges.

We have molded a great team of civic patriots in this community and we must hold it and expand it in the years to come.

As for me, I have been fortunate among men to have had the opportunity to serve this city these past thirteen

years. I am deeply grateful to the members of City Council—those of you here today and those who served before you—for your invaluable participation and dedication in the work in which we have been engaged.

Pittsburgh can indeed be proud of what it has done.

But this community, in its two hundred years of history, has never been self-satisfied or complacent, and I am sure it never will be.

It has still the spirit of the frontier—an adventurous spirit to look beyond the limits of the past with a bold vision of the better community it can become.

This is what has made Pittsburgh, in a very real sense, America's gateway to the future.

God grant it will always continue to be just that.

DEPARTMENT OF LAW

Pittsburgh, Pa.

December 8, 1958

Honorable President and Members  
City Council

In re: Fair Housing Practices  
Ordinance—Bill No. 1655

Gentlemen:

In accordance with your request, we have reviewed the Fair Housing Practices Ordinance, Bill No. 1655, introduced in City Council.

The ordinance declares a policy of non-discrimination in housing in the City. Prohibited housing practices include (1) refusal by a real estate broker or agent to sell or lease property, or refusal to negotiate for the sale or lease of property, or representing that housing is unavailable for inspection, because of race, color or religion; (2) refusal of an owner of five or more dwelling units to sell or lease property to any person because of race, color or religion; and (3) discrimination by a lending institution in the financing of housing because of race, color or religion. The ordinance does not apply to the acts of an owner of real property consisting of less than five dwelling units.

While the proposed bill provides a penalty for its violation, the administration of the ordinance would follow the procedure customarily adopted to implement fair employment legislation. Complaints of unfair housing practices would be made to the City's Commission on Human Relations, which would investi-

gate each complaint and attempt to resolve the problems raised by persuasion and conciliation. In the event of a failure to eliminate the cause of the complaint by such means, the Commission is required to hold a public hearing to determine whether or not an unlawful housing practice has been committed.

In ruling upon the validity of this legislation, two issues are involved:

1. The constitutionality of the restrictions imposed upon owners of real property, real estate agents and brokers, and lending institutions, in the sale, rental and financing of housing; and
2. The authority of the City, to adopt legislation of this character, assuming the proposed restrictions are valid.

After study of Bill No. 1655 we have concluded that the Fair Housing Practices Ordinance is in accord with the Federal Constitution and the Constitution of Pennsylvania, and is a proper subject of legislation by the City. Accompanying this opinion is a brief memorandum discussing the legal grounds for our conclusion.

Very truly yours,

J. FRANK McKENNA, JR.,  
City Solicitor

MEMORANDUM  
CONSTITUTIONALITY OF FAIR  
HOUSING LEGISLATION

The constitutionality of legislation protecting civil rights and insuring freedom from discrimination is well settled, even where the legislation may at the same time restrict the use of private property. Anti-discrimination legislation applying to places of public accommodation and to employment have been upheld by federal and state courts. While such legislation may impinge on personal and property rights, the restrictions, if reasonable, are considered a proper exercise of the police power to promote the public welfare in a democratic society.

One of the leading decisions of the United States Supreme Court in this area is *Railway Mail Association v. Corsi*, 326 U. S. 89 (1945), upholding the validity of a New York statute prohibiting discrimination by unions. The statute was attacked as being in violation of the

liberty of contract and the property rights guaranteed by the Fourteenth Amendment to the Federal Constitution. The Supreme Court declared it would be "a distortion of the policy manifested" in the Fourteenth Amendment, which was adopted to prevent discrimination on the basis of race or color, to use the amendment to sanction such discrimination.

In upholding the validity of the Pennsylvania law prohibiting discrimination in public accommodations, the Superior Court said in *Commonwealth v. George*, 61 Pa. Super 412, 417 (1915):

"The statute before us is a proper exercise of police power; it is not an arbitrary deprivation of property without due process of law. In the enactment of laws under the police power, there is always a certain amount of interference with property rights, but laws are not condemned on that account, unless this interference amounts to a practical confiscation."

The regulation of rights in real property inherent in the proposed fair housing ordinance, while distinguishable from the regulation of employment and public accommodations, is subject to the same constitutional considerations.

Rights in real property are in essence no different than other property rights and are equally amenable to reasonable regulation under the police power, as illustrated by zoning and rent control. Zoning regulations clearly constitute a restriction upon rights in real property under the police power. In a recent comprehensive decision, the Supreme Court of Pennsylvania upheld the validity of the prohibition against multiple-family dwellings in a single residence district, contained in the Pittsburgh zoning ordinance, on the ground that such regulation furthers the public welfare. *Best v. Board of Adjustment*, 393 Pa. 106 (1958).

In approving state rent control legislation adopted in the wake of the housing shortages which developed after World War I, the United States Supreme Court said:

"There is no such inherent difference in property in land, from that in tangible and intangible personal property, as exempts it from the operation of the police power in appropriate cases,

\* \* \* ." *Levy Leasing Ltd. v. Siegel*, 258 U. S. 242, 247 (1922).

The only reported court decision ruling directly upon fair housing legislation is *New York State Commission Against Discrimination v. Pelham Hall Apartments*, 170 N. Y. S. 2d 750 (1958), which upheld the New York State statute prohibiting discrimination in publicly-assisted housing accommodations. The decision was appealed to the United States Supreme Court, but we have been advised by the New York Commission that the appeal was recently dropped.

The New York State law applied to privately-owned housing financed with governmental assistance. While the legislation involved in the *Pelham* case is somewhat narrower than the proposed City ordinance, the court's ruling on the constitutionality of the New York law did not single out this distinction as controlling.

It was argued in the *Pelham* case that "the private owner of property has the fundamental right to choose whether or not he will sell or rent the same \* \* \*, and to whom he will sell or rent; and \* \* \* that legislation tending to abridge this right is a step toward the state control of private property and is contrary to our accepted political beliefs."

The language of the New York court in meeting this argument is significant, since it pinpoints the principal issue involved in determining the validity of the proposed legislation. The court said:

"The private ownership of private property, free of unreasonable restriction upon the control thereof, is truly a part of our way of life, but, on the other hand, we, as a people do hold firmly to the philosophy that all men are created equal. Indeed, discrimination against any individual here on account of race, color or religion is antagonistic to fundamental tenets of our form of government and of the God in whom we place our trust.

"Involved here, it is said, is an apparent collision of rights, namely, a clash between the right on the one hand of the private owner of property to enjoy and use it in the manner most desirable and/or profitable to him, and the right on the other hand of all individuals here to be treated equally and free of all discrimination on account of race, color or religion. In

the final analysis, however, what is here involved is a conflict between the rights of the private property owner and the inherent power of the state to regulate the use and enjoyment of private property in the interest of public welfare; and as hereinafter noted, the power of the state, when reasonably exercised, is supreme."

The New York court also emphasized the presumption of constitutionality of legislation of this nature and the fact that the "policy, wisdom and expediency of police power legislation affecting private property rights" are for the legislative and executive branches of the government and not for the courts.

#### AUTHORITY OF CITY TO ADOPT FAIR HOUSING LEGISLATION

It must be recognized, of course, that with respect to political subdivisions any proposed legislation, even though constitutional, must also be within the framework of the powers which the municipality may exercise under the law. While there is no express provision in the City Charter Act or in any other State law for the enactment of a fair housing practices ordinance, the City does have broad general powers to enact ordinances which promote the good government, welfare and trade of the City.

The 1901 Charter Act empowers the City:

"To make all such ordinances, by-laws, rules and regulations, not inconsistent with the Constitution and laws of this Commonwealth, as may be expedient or necessary, in addition to the special powers in this section granted, for the proper management, care and control of the city and its finances, and the maintenance of the peace, good government and welfare of the city, and its trade, commerce and manufactures, \* \*" (53 P. S. 23158).

We believe that the same considerations which prompted enactment of the fair employment practices ordinance in 1952 would support the power of the City to adopt a fair housing practices ordinance.

Bill No. 1655 sets forth certain findings of fact highlighting the impact of housing discrimination upon the City: the creation of substandard dwellings, insanitary living conditions, breeding places for crime and delinquency, inter-

group tensions and other harmful results. If Council considers that outlawing discrimination in housing will tend to ameliorate these conditions, and thus promote the "peace, good government and welfare of the city and its trade, commerce and manufactures," the legislation appears to be within the powers granted to the City by law.

The Chair:

Members of Council, we are honored this afternoon by the presence of Reverend E. Paul Bovankovich, Assistant Chancellor, Byzantine Rite Catholic Diocese of Pittsburgh, 54 Riverview Avenue, Pittsburgh, Pa., who will deliver the invocation.

Reverend E. Paul Bovankovich, Assistant Chancellor, Byzantine Rite Catholic Diocese of Pittsburgh, offered the following prayer:

O God of our fathers, Lord of all mercy, Who by Thy word hast made all things, and in Thy wisdom hast appointed man to rule Thy creation and to order the world by a law of right living and justice, send down Thy Holy Spirit to these servants of Thy glory. Inspire them with the light of Thy divine wisdom that they

may realize that they exercise not the judgment of man, but the judgment of their God and that whatever they judge shall redound to them. Clothe them with love and fortify them with courage that they may zealously lead those entrusted to their care according to the Christian rights and principles which Thou hast given man and upon which this great nation is founded. And may their untiring dedication to Thee and to Thy children bring them to the gate of Thy Heavenly Kingdom to dwell with Thee in happiness for all eternity, for Thou art the Father of Truth and the Bestower of everlasting Blessings, and to Thee we give glory, Father, Son and Holy Spirit, now and forever. #### ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, December 22, 1958

Council met.

Present:—

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Fagan	Mr. Weir
Mr. Jones	Mr. Gallagher
Mr. McCarthy	(Pres't)

The Chair:

Members of Council, we are honored this afternoon by the presence of Reverend S. Amos Brackeen, Pastor, Shiloh Baptist Church, who will deliver the invocation.

Reverend S. Amos Brackeen, Pastor, Shiloh Baptist Church, offered the following prayer:

O, Divine Redeemer, into Thy presence we come at this hour of the Christmas season because we acknowledge the vacuum in our lives. We realize that only Thy Presence can fill us with perpetual goodness and steer us in the right paths of wholesome purpose. For only through Thee, we, who are seekers of Thy truth

and goodness, can be led midst uncharted ways in Thy straight direction.

Especially do we pray, Our Father, for these ones who have the noble responsibility of public trust. Grant unto them the privilege of serving well the people and interest of our great city. May they be judicious and sagacious in their deliberations, and wise and charitable in their decisions. May they be ever mindful that thou didst create them a little lower than the angels and they wish the heritage of glory and honor which Thou hast given. Grant unto them courage that they may speak without fear. Give unto them Thy Holy Light that they may chase away the darkening shadows. Extend to them an inward calm amid the turbulence of temptuous climates of opinion.

May they see right and follow wherever it leads. If they stumble and err, be Thou compassionate and forgiving unto them that they may again recapture the gleam of Thy Holy and Marvelous truth and be led anew to clearer evidences of the standards of their high calling to serve this present age with valor. May each member of this Council be mindful of the words of the poet, saying:

Dear Lord, the people have elected me  
To speak for them in things of state;  
To Thee I come for help. I shall be  
tempted by those whose God is Gain;  
may I be true to country, self and  
Thee.

Stand with me, Lord, each time I speak,  
When godless men would make mockery  
of righteousness,  
At voting time touch Thou my lips,  
For I would not bring shame of fear to  
fellow men—  
Nor cast dishonor on Thy Name.

And give me courage to defend the weak;  
To work to ban all things that would  
destroy

The dignity of man.

Knowing, Lord, that Thou answerest  
prayer when humble knee is bent,

I ask these things—but only by Thy  
Will. Amen.

In the name of Thy Son we ask these  
blessings. Amen.

The Chair:

Thank you Reverend S. Amos Brackeen  
for your very inspiring prayer.

#### ONE HUNDRED TENTH COUNCIL

THOMAS J. GALLAGHER.....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, December 29, 1958

Council met.

Present:—

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Fagan	Mr. Weir
Mr. Jones	Mr. Gallagher
Mr. McCarthy	(Pres't)

The Chair:

Members of Council, we are honored this afternoon by the presence of Reverend Joseph A. Mastrangelo, Pastor, Regina Coeli Church, who will deliver the invocation.

Reverend Joseph A. Mastrangelo, Pastor, Regina Coeli Church, offered the following prayer:

Almighty and Eternal God, in profound humility we bow our heads before Thy Divine Majesty. We invoke Thy blessing upon the members of City Council here gathered who have been chosen by the citizens of this community to lead and guide them, to defend and protect them.

Let them in truth be true leaders; without guile, without deceit let them

think of the welfare of our people first and foremost. Let there be no selfish interests swaying them away from the ideals and principles of honest government . . . it is for this reason they were hand-picked by the voice of the people of the City of Pittsburgh. Let their guidance be that of a loving parent and not a ruthless guardian.

Let them defend the rights of our citizens as true champions. Let them speak loud and clear in defense of the rich and the poor, the known and the unknown. Let there be no partiality for the big people, but rather a personal interest in the little people. Let there be no special favors for the big people, but rather a deep and penetrating love for the unknown people.

Let their deliberations and considerations always bear in mind the common good . . . for only in this manner can they really claim to be representatives of the people. If our government is for the people and by the people, then these members of City Council chosen by the people must always be for the people, regardless of race, nationality or creed.

Our city, standing in the gleaming spotlight of its bicentennial, is at the crossroads of tomorrow. The future of this new Pittsburgh is in the hands of the men and women chosen to lead and guide it, defend and protect it . . . and as our glistening Golden Triangle points directly to the West, let the minds and hearts of City Council point directly to the heart of God, the hearts of the people. God of Abraham, Isaac and Jacob, God of Bethlehem and Calvary, give Thy blessing, Thy wisdom, Thy courage to these members of City Council. Amen.

The Chair:

Thank you Father Joseph A. Mastrangelo for your very inspiring prayer.

In Committee on Finance, December 23, 1958, bill read and amended in Sections 1 and 2 as shown in red, and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. McCarthy moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. McCarthy moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Fagan:

Mr. President, Members of Council, it has been said a long time ago that "consistency, thou art a jewel." I repeat it this afternoon because I am going to do something in this legislative session that I have never done before. In the first place, I am going to oppose the increase in taxes on Land, Buildings and Water. I am going to vote for the Appropriation and Salary Ordinances. Of course, in voting for them and not for the tax increase it would sound rather inconsistent. But I am not breaking a precedent because in Council it has been done before where members have voted for the Appropriation and Salary Bills but voted against the tax ordinance.

I am willing to vote to continue the thirty-three mills on Land and sixteen and a half mills on Buildings. I offer in

lieu of the increase of four mills on Land and two mills on Buildings and ten percent increase in Water rates an increase of three mills on Earned Income Tax. In other words, three tenths of one percent which would make the Earned Income Tax eight mills or eight tenths of one percent. Adding three tenths of one percent would make it eight mills.

I have talked to a lot of people of the City of Pittsburgh during the past few weeks since the Budget has been before us. The vast majority of them are in favor of the Earned Income Tax rather than an increase on Real Estate or Water rates.

You know Perry Como says "we get letters." Well, I received quite a few letters. Not all of them are from retired, pensioned or unemployed persons. Many of them are from substantial citizens that have very substantial incomes. They think that the Wage Tax would be a more appropriate tax to put on the people at this time, than an increase on Land, Buildings and Water rates as they are incorporated in Bill No. 1775. So as a result of the study that I have given to this matter and the information that I have received from the citizens of the City of Pittsburgh, I feel that I am somewhat relieving the tax burden on the citizens of Pittsburgh.

I remember five years ago when we voted for Wage Taxes. I remember the last election that we participated in. At every polling place the issue of the Wage Tax was called to the attention of the voters not by one placard, but in some places by half a dozen. What happened? The Mayor was re-elected by the biggest majority he ever received in the City of Pittsburgh and five Councilmen were returned to office.

I think this afternoon that I am offering something very constructive in the interest of all of us. I may be a voice crying in the wilderness but nevertheless, those are my convictions, my conscience.

As a result of that, Mr. President, I am compelled to vote "No" on Bill No. 1775.

Mr. Gallagher:

I am going to vote against the increase in taxes on Real Estate and also the Water Rates. I feel the same as Mr.

Fagan. I am for a one per cent Wage Tax or Earned Income Tax which would restore it to where it was five years ago. I want to reiterate what I said in Committee Meeting last Tuesday.

You have my thoughts on the matter. Of course, I have thought over it for a long time. I have talked to my friends and my neighbors and there isn't any doubt about it that I think I am doing a constructive thing when I oppose the increase of four mills on Land and two mills on Buildings and a ten percent increase in Water rates.

I am opposed to the proposed increase of four mills on land and two mills of tax on buildings. This increase will place a further burden on the small home owners and result in an increase in rent for tenants. This would be in addition to the proposed increase in water charges and the proposed charges to be imposed for the Allegheny County Sanitary Authority for sewage treatment. Of course, these latter charges will not become effective until April 1st.

Many thousands of residents of Pittsburgh are unemployed at the present time, or just on part-time employment. Many of these people own their own homes, and to impose an additional tax on their properties would virtually amount to confiscation.

The increase in real estate taxes will also curtail building construction and in this case, many thousands of building trades workers will be affected; and it will also affect the economic condition of the City. It will also have an adverse effect on the redevelopment program of the City, and seriously affect the Bicentennial Celebration scheduled for 1959.

In order to escape the dilemma which we are faced with, is the increase in the earned income tax, or what is commonly known as the wage tax. I know that this tax is distasteful to many people, but an increase of a quarter of a cent on this item will yield about \$2,900,000. This increase alone would not permit us to balance the budget, nor would it allow us to grant a small increase in salary and wages to all groups of City employees, including those employed who belong to Labor Unions and whose wages as fixed on the outside have been recog-

nized by the City and the Council for many, many years.

As unpopular and distasteful the wage is, I am reluctantly in favor of restoring the one-half of one per cent for the year 1959, making the tax on earned income one cent. This will yield an additional income of \$5,800,000. This will absolutely be sufficient to grant an increase of at least 5 per cent to all City employees, and help relieve many of our citizens who are burdened with high property or real estate tax. The wage tax will not affect those who are unemployed, pensioned or on social security, and will not seriously affect those only employed on part time. In other words, if you are not employed and earning a salary or wage, you are not taxed.

Therefore, I seriously believe that a wage tax at this time is more equitable and fair to the people of our city.

#### Mr. Weir:

I have no remarks with relation to the substance of the Appropriation bill or the Salary Ordinance bill. My remarks will be made along a different vein. I am referring, of course, to the Chairman of the Finance Committee, Mr. McCarthy. In the years that I have been in Council I will say that we have been confronted with three outstanding crises. One was resolved with the aid of the Pennsylvania Legislature which gave us Act 1145, under which we first levied these special taxes. The second major crisis occurred after we were obliged to abandon our plans for the ill-fated Water Authority and suddenly had to seek recourse in the Earned Income Tax or Wage Tax which even to this day has continued to be a controversial subject to a certain extent. The third great crisis in our financial affairs occurred this year. In the meanwhile the entire period was punctuated with minor crises. But these three were outstanding.

Mr. McCarthy was obliged to come in here and take over as Chairman of the Finance Committee right at the very threshold of possibly the most serious financial problem that has confronted the City of Pittsburgh in the ten years that I have been a member of this body.

I think he has handled himself with remarkable skill, intelligence and calmness in the midst of conditions and cir-

cumstances which might have caused even more experienced members to lose their heads. He never for one moment lost his or failed to guide our deliberations and thinking on these important problems with a steady hand. It has also been observable to me, and I am sure it has been to the rest of my colleagues, that he possesses a determination to continue to work for the improvement of the City's financial condition. He realizes, as we must all realize, that we alone cannot stop the overwhelming tide of inflation. Also, we cannot, in justice, make certain of our underpaid City employees burnt offerings in the bonfire of inflation. I know Mr. McCarthy likewise realizes that the acute financial situation produced by inflation requires that this city government, like any other government on any level, be constantly alert to means of saving money in the future. I think he has stated—and I know he means it—that we will have to redouble our efforts to find ways and means of running this government in the most economical way possible, consistent with the necessity of providing the required public services.

Some of us have our own ideas on this subject. I know that I have some. As soon as we are finished here with this business we must complete today, I propose to talk to him—and I know everyone else here has in mind doing likewise. I propose to lend him all the support at my command. I urge everyone else—and I am sure everyone else will lend him all the support at their command to carry out the overall plan which he has for increasing the economy of the City government consistent with its officials.

Again I want to say at this particular time that we have seen, in my estimation, a most admirable exhibition of the conduct of the Finance Committee by our new Chairman.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"
